Prescribing a form of slip for making references to the Press.	8 & 9
No. 2840-43—Mis. F. 21-96, dated 30th—	
Sanctioning certain special allowances for Medical Officers on plague duty.	19
No. 2814-15—Mis. 699, dated 29th—	
Sanctioning, with remarks, the Budget Estimates of the 'Mysore Gazetteer' Department and the Archæological Department for 1898-99.	11 & 12

EDUCATION.

No. 1843-45—Ed. 48, dated 6th—	
Sanctioning a scholarship of Rs. 25 per mensem to B. Venkatesachar, B. A., for studying for the M. A., examination.	13
No. 1929-30—Ed. F. 1-96, dated 9th—	
Sanctioning the revision of the Office Establishment of the Inspector General of Education with effect from the 1st July 1898.	13 to 15
No. 1971-72—Ed. 52, dated 10th—	
Sanctioning a reclassification of certain Educational Officers	15
No. 2372-407—Ed. 72, dated 19th—	
Issuing certain instructions regarding the compilation of annual reports.	15
No. 2539—Ed. 63, dated 24th—	
Reviewing the Report on Public Instruction in Mysore for 1896-97.	16 to 18
No. 2740-75—Ed. 68, dated 27th—	
Requesting the Superintendent, Government Press, to have copies of the Departmental Administration Reports bound with the Government reviews thereon before issuing them to the Heads of Departments concerned.	18

JUDICIAL.

No. 1784—J. 185, dated 4th—	
Reviewing the Report on the Administration of Criminal Justice in Mysore for the year 1896-97.	19 & 20
No. 1831-32—J. 189, dated 6th—	
Sanctioning proposals for strengthening the Chief Court Establishment	21 & 22
No. 1887-88—J. 200, dated 9th—	
According sanction to an additional sum of Rs. 16-4-0 for meeting the contingent expenses of oil and petty stationery of certain Police stations in the Kolar district.	23 & 24
No. 2913—J. 323, dated 31st—	
Recording a letter from the Inspector General of Registration,	24

submitting A and B returns of the Registration Department for the quarter ending 31st March 1898.	Page.
No. 2911-12—J. 322, dated 31st—	
Observing that it is of the greatest importance that lunatics, especially criminal lunatics, should, before they are sent to their cells in the afternoon, be thoroughly searched and deprived of all means by which self destruction may be accomplished.	25

LEGISLATIVE.

No. 2409-10—Legis. 13, dated 31st—	
Recording certain papers with the observation that as at present advised, the Government deem it unnecessary to take any action for the amendment of Regulation III of 1898.	27 & 28
No. 3206—Legis. 16, dated 29th—	
Revising the Rules to be issued under the new Village Sanitation Regulation.	29 to 31

LOCAL FUNDS.

No. 1794—L. F. 66-97, dated 5th—	
Declining to sanction a grant-in-aid of Rs. 60,000, from the Local Funds General, for expenditure on certain works in the Shimoga District which are essentially "Local."	33
No. 2347-8—L. F. 2-98, dated 19th—	
Stating that it would be far better to spend the Local Funds General, upon large bridges as per Bridge Programme under preparation in the Public Works Department, than upon petty local works.	34

MUNICIPAL.

No. 2850-53—L. F. 341-96, dated 31st—	
Sanctioning the formation of a municipality at Basavapatna in the Arkalgud taluk.	35
No. 2507-8—L. F. 111-97, dated 24th—	
Passing orders on the explanations on the Budget Estimates of the Mysore City Municipality for 1898-99.	36

REVENUE.

No. 1050-53—R. F. 78-94, dated 8th—	
Passing orders regarding the improvement of the local breed of horses.	37 & 47
No. 918-20—R. 362, dated 3rd—	
Stating, with certain observations, that joint pattas are not contemplated by the Land Revenue Regulation.	48
No. 1157-65—R. 488, dated 11th—	
Exempting applications for building sites from payment of Court Fee.	48
No. 1312-20—R. F. 56-97, dated 17th—	
Reviewing the Report on Meteorology in Mysore for 1897.	49
No. 1322-9—R. F. 124-97, dated 18th—	
Reviewing the statements of Darkhasts pending disposal during the quarter ending 31st March 1898.	50 to 52
No. 1332-9—R. F. 122-93, dated 18th—	
Observing that since the issue of Government Proceedings No. 6164-71—R. F. 122-93, dated 10th January 1898, no improvement has been made in the Bangalore District, and but little progress in the Kolar District, as regards submission of certain statistics of revenue derived from certain specified Major Irrigation works since the Rendition in 1881.	53

No. 1400-408—R. F. 4-98, dated 22nd— Sanctioning a grant for advances be made for Irrigation Wells during 1898-99.	Page. 53
No. 1409-418—R. F. 5-98, dated 22nd— Sanctioning an allotment of Rs. 26,000 for advances to be made in the several districts of the State during the year 1898-99 under the Land Improvement Loans Regulation IV of 1890 and the Rules framed thereunder.	54
No. 1443-53—R. 575, dated 23rd— Directing that applications under Sections 24 and 34 of the Registration Act, preferred to a Sub-Registrar for the purpose of being forwarded to the Registrar, are not required to be stamped by the Court Fees Act now in force.	55

PART I GENERAL

Proceedings of the Government of Mysore

READ—

Letter No. C. G. dated 28th July 1898, from the Plague Commissioner in Mysore, forwarding for sanction an estimate from the President, Municipal Commission, Bangalore, amounting to Rs. 512 for constructing eight kitchens to complete the Plague and Segregation Camps near the Tirupati Pilgrim Chattram, Bangalore.

No. 1882-83—Mis. F. 21-96, DATED BANGALORE, 8TH AUGUST 1898.

ORDER THEREON.—The estimate is sanctioned, the charge being debited to the balance available out of Rs. 7,450, sanctioned in Government Proceedings No. 5402-3—L. F. 276-92, dated 12th November 1897.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To.—The Plague Commissioner in Mysore, with the sanctioned estimate.
The Comptroller to the Government of Mysore, with copy of the estimate.

READ—

Letter No. 4326—Mis. 956, dated 19th July 1898, from the Plague Commissioner in Mysore, forwarding for sanction an estimate for Rs. 9,713 for constructing sheds at Harihar with corrugated iron roofs and mat sides, to be used as disinfection and detention camp for passengers arriving from infected areas, and stating that the sheds lately erected are practically quite unfit for occupation during the present rainyweather, but may be used as a Health Camp if plague breaks out at Harihar.

No. 1924-25—Mis. F. 21-96, DATED BANGALORE, THE 9TH AUGUST 1898.

ORDER THEREON.—The proposed construction of sheds at Harihar at a maximum cost of Rs. 9,713 is sanctioned. It is understood that the Plague Commissioner has since revised the estimate and reduced the cost by about Rs. 3,000 with a view to the amount thus saved being utilized for the construction of sheds elsewhere, if necessary.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To.—The Plague Commissioner in Mysore.
The Comptroller to the Government of Mysore, with copy of the estimate.

READ—

Letter No. 512, dated 12th August 1898, from the Plague Commissioner in Mysore, forwarding for sanction a bill for Rs. 419 for rain coats, to be supplied to the Inspecting Medical officers and Police on Plague duty at the Railway Inspecting Stations and at the Observation Camps at Harihar and Bangalore.

No. 2215-16—M. F. 21-96, DATED BANGALORE, 16TH AUGUST 1898.

ORDER THEREON.—The bill is sanctioned, the charge being debited to "Plague charges."

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To.—The Plague Commissioner in Mysore.
The Comptroller to the Government of Mysore with bill.

READ—

Letter No. 572, dated 15th August 1898 from the Plague Commissioner in Mysore, soliciting sanction for the construction of 260 huts for immigrant coolies at a total cost of Rs. 2,340, at Rs. 9 per hut, with a view to prevent overcrowding in the City.

No. 2260-61—Mis. F. 21-96, DATED BANGALORE, 17TH AUGUST 1898.

ORDER THEREON.—The proposed construction of huts for immigrant coolies at a cost not exceeding Rs. 2,340 is sanctioned. The source available in the Municipal Budget should be pointed out.

2. It is observed that, of the three sites selected, one is private property, which may have to be acquired, unless the owner consents to place it temporarily at the disposal of the municipality for the purpose in question.

3. The huts should be constructed immediately, and the cooly families for whom they are intended should be made to occupy them as soon as possible.

4. The Government would like to receive a report of the number of immigrant coolies in Bangalore and the kind of temporary accommodation they now have in various parts of the City.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Plague Commissioner in Mysore.
The Comptroller to the Government of Mysore.

READ—

Letter No. 482, dated the 1st August 1898, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, reporting with reference to Government Proceedings No. 4990-1—Mis. F. 162-92, dated the 5th November 1897, that he has appointed on probation for six months, subject to confirmation on approved service, one P. A. Macmillan Pillay, a retired 1st Class Hospital Assistant of the Madras Medical Service, aged 52 years, as 2nd Class Hospital Assistant with effect from the 27th July 1898, and that he has posted him for duty at the Government City Hospital, Bangalore.

No. 2327-28—Mis. F. 162-92, DATED BANGALORE, 19TH AUGUST 1898.

ORDER THEREON.—Sanctioned.

2. Attention is invited to para 2 of the First Assistant Resident's letter No. 1695, dated 30th March 1898, printed with Government Proceedings No. 12906-7—Mis 2743, dated 9th April 1898, stating that if it should be subsequently decided to give such retired officials either a pension or gratuity the question should be referred to the Resident.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
The Comptroller to the Government of Mysore.

No. 12-13—D. C., DATED BANGALORE, 20TH AUGUST 1898.

ORDER.—The Deputy Commissioner of Bangalore will be requested to warn the gardeners residing in the Bangalore City or its neighbourhood, against washing in filthy water the vegetables and fruit which they bring for sale into the City or the Civil and Military Station, and he will further instruct the City Police at the various stations to watch and prevent the objectionable practice. The City Municipal President will be requested to take the additional precaution of causing all vegetables and fruit to be carefully washed in clean water before being exposed for sale in the public market or elsewhere in the City.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. and Rev. Depts.

To—The Deputy Commissioner, Bangalore District.
The President, Bangalore City Municipality.

READ—

Letter No. 639, dated 15th August 1898 from the Plague Commissioner in Mysore, requesting sanction to certain grants in connection with Plague Prevention Measures.

No. 2454-6—M. F. 21-96, DATED BANGALORE, 22ND AUGUST 1898.

ORDER THEREON.—The Government are pleased to sanction the following grants for the current year, from the sources specified against each, in connection with Plague Prevention measures:—

- i A sum of Rs. 50 for each minor Municipality and Rs. 200 for each District Head-quarter Municipality (except Bangalore and Mysore), from the amounts at the credit of each Municipality;
 - ii Rs. 5,000 for each District and Rs. 2,000 separately for the Kolar Gold Fields, from Local Funds, General, on account of rural sanitation;
 - iii Rs. 1,000 at the disposal of each of the Deputy Commissioners and the Assistant Superintendent of the Kolar Gold Fields on account of Plague sheds, &c., from Provincial Funds; and,
 - iv Rs. 5,000 at the disposal of the Senior Surgeon and Sanitary Commissioner with the Government, also from Provincial Funds.
2. The Comptroller is requested to place the necessary sums at the disposal of the officers concerned.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Plague Commissioner, in Mysore.
The Comptroller to the Government of Mysore.
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

READ —

Letter No. 63, dated the 11th July 1898 from the Chief Commandant, Mysore State Troops.
With reference to the Proceedings of Government No. 12810-45—Mis. 2715, dated 1st April 1898, I have the honor to point out that the office of the Chief Commandant has been omitted in Appendix B under "General Administration" though it has been included in Section 21, and to request therefore that necessary orders may kindly be issued to have the same inserted therein.

No. 2424-6—Mis. 567, DATED BANGALORE, 22ND AUGUST 1898.

ORDER THEREON.—Appendix B (General Administration) of Proceedings No. 12810-45—2715, dated the 1st April 1898, prescribing rules for regulating the supply and consumption of Stationery and Printed forms will be amended so as to read as follows :—

APPENDIX B.
(REFERRED TO IN RULE 4.)
General Administration.

|--|----------------------------------|
| 1. Secretary to the Government of Mysore, | General and Revenue Departments. |
| 2. Do | do Muzrai Department. |
| 3. Do | do Geological Department. |
| 4. Do | do Public Works Department. |
| 5. Do | do Railway Department. |
| 6. Military Assistant to the Government of Mysore. | |
| 7. Chief Commandant, Mysore State Troops. | |

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Chief Commandant, Mysore State Troops.
The Military Assistant to the Government of Mysore.
The Superintendent of Stationery.

READ —

Letter No. 664—178, dated 12th August 1898, from the Deputy Commissioner, Kolar District.

I have the honor to report that cholera has broken out in the Moplah lines on the Oorogum Mine. A few fatal cases have already occurred and daily attacks are reported.

2. Surgeon Lieutenant-Colonel Benson, Senior Surgeon and Sanitary Commissioner, Doctor O'Donnell, Chief Medical Officer of the Mines and myself inspected the locality yesterday afternoon and every possible precaution has been taken to check the spread of the disease.

3. What I wish particularly to bring to the notice of Government in this connection is our utter unpreparedness to cope with the out-break of the epidemic on any large scale. We have but one small cholera shed and a tiny Police shed, both of corrugated iron, by way of a cholera hospital. The immediate construction of the following sheds is absolutely necessary :—

- (1) A shed for female patients.
- (2) A shed for the accommodation of the Hospital Assistant and for locating the dispensary.
- (3) A shed for a Head Constable and four Policemen.
- (4) Cooking sheds for the Hospital Assistant and the Police.
- (5) Cooking shed for the patients.
- (6) Latrines.

The present Police shed is utterly unsuitable and may, as personally suggested by the Senior Surgeon, be used as a dead house.

4. The Senior Surgeon concurs with me in considering that the above sheds are indispensably necessary and at his request I have authorized Mr. Hume Wright to start the work at once and send in estimates for submission to Government for sanction. The Senior Surgeon suggested that the roofing of the sheds put up for the Hospital Assistant and the Police should be a tiled one. This will be attended to.

5. The above sheds may also be made available for use as Plague sheds, should an emergency arise.

6. A proper staff to be in charge of the cholera hospital is also required. The Hospital Assistant attached to the Gold Fields dispensary, besides living so far away, has his hands quite full with dispensary and other work. As a case in point, I may mention that a Moplah of the Coromandel Mine was picked up on the night of the 9th instant under a bush in a dying state and taken to our

cholera shed, where he died of cholera shortly after. The man appears to have had no proper attendance and proper precautions do not appear to have been taken for disinfecting the body before burying it. I mention this simply to show that we have no establishment to deal with cases of this sort and that it is necessary to organize at once a regular epidemic disease hospital with suitable staff and appliances.

7. A whole-time Sanitary Officer is required, who will report everything, see that patients and dead bodies are attended to and carry out orders promptly under the directions of the Special Magistrate.

8. The two Sanitary Overseers now on the fields have enough work to do in looking to the sanitation and conservancy of the Government blocks and villages of the Gold Fields and cannot be charged with the responsible functions of a Sanitary officer.

9. An Hospital Assistant will be required for the charge of the cholera sheds, also a ward cooly, a cook and two totis. A Police guard of at least four men in charge of a Head Constable is necessary. This Police establishment will have to be sanctioned as an addition to the present staff, which is barely sufficient for the Police requirements of the fields. The Police guard now applied for may also be utilized in performing house to house inspection in Ooregum and other villages, guarding water-supplies, &c., when not employed in guarding the cholera sheds during the prevalence of the epidemic.

10. It is necessary to open an additional dispensary in the Ooregum village. The Hospital Assistant, who may be placed in charge of this dispensary may also look after the epidemic disease hospital, the services of a special Hospital Assistant being obtained whenever necessary to deal with the out-break of cholera or other disease in an epidemic form.

11. It is necessary that the Special Magistrate should be placed in funds to meet expenses, such as grave-diggers, disinfectants, spirits, medicines, food, ambulance and bedding. For this purpose, I would recommend a permanent advance of Rs. 100 being placed at the disposal of the Special Magistrate. This will enable him to deal promptly and efficiently with cases of cholera or plague.

12. I beg that speedy orders may be passed on this reference.

No. 2498-502—MIS. 5-97, DATED BANGALORE, 23RD AUGUST 1898.

ORDER THEREON.—Government observe that the locality in the Gold Fields, where cholera has broken out has been visited by the Deputy Commissioner, the Senior Surgeon and the Chief Medical officer of the Mines, and that every possible precaution has been taken to check the spread of the disease.

2. The action taken by the Deputy Commissioner in anticipation of sanc-

- (1) A shed for female patients.
- (2) A shed for the accommodation of the Hospital Assistant and for locating the dispensary.
- (3) A shed for a Head Constable and four Policemen.
- (4) Cooking sheds for the Hospital Assistant and the Police.
- (5) Cooking shed for the patients.
- (6) Latrines.

tion for the immediate construction of the sheds specified in the margin is approved. The submission of the estimates for these sheds should be expedited.

3. The Deputy Commissioner should have at once placed himself in communication with the Senior Surgeon in regard to the suggestions contained in paras 6, 7, 9, (first part) and 10 of his letter with a view to the submission of definite proposals for the consideration and orders of Government. Copies of the said paras will, however, be referred to the Senior Surgeon for favor of very early expression of his opinion and for such immediate action as the exigencies of the case may require.

4. The Inspector General of Police is requested to depute a Police guard of four men under a Head Constable for duty under the Special Magistrate during the period of the prevalence of cholera. This application should have been made by the Deputy Commissioner to the Inspector General.

5. The Comptroller is requested to arrange for a permanent advance of Rs. 100 being placed immediately at the disposal of the Special Magistrate, Kolar Gold Fields, to meet the miscellaneous expenses connected with cholera or other epidemic disease.

General, dated 23rd August 1898.

5

6. The Government desire to have further information on the following points in regard to the death of the Moplah of the Coromandel Mine referred to in para 6 of the Deputy Commissioner's letter:—

- (a) when he was last seen alive working in the Mine?
- (b) how far the bush where he was picked up is from the Mine or his house? and
- (c) whether prior to his death he has visited any place in which cholera prevailed or had come in contact with persons who were sick of cholera?

C SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Kolar District.
The Senior Surgeon with the Mysore Government.
The Inspector General of Police.
The Comptroller to the Mysore Government.
The Special Magistrate, Kolar Gold Fields.

No. 2493-94—MIS. F. 21-96, DATED BANGALORE, 23RD AUGUST 1898.

ORDER THEREON.—The temporary entertainment of the additional Plague Establishment recommended in the above, which involves a monthly cost of Rs. 217, is sanctioned.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts

To—The Plague Commissioner in Mysore.
The Comptroller to the Government of Mysore.

READ—

Letter No. 886, dated 18th August 1898, from the Plague Commissioner in Mysore, stating that there are only three Registrars for registering Births and Deaths for the whole of the Mysore City Municipality, and soliciting sanction for the entertainment of 20 Registrars as detailed in the margin, and of an Inspector on Rs. 25 per mensem to check the returns of the Registrars, in lieu of the existing staff.

No. 2485-87—MIS. 591, DATED BANGALORE, 23RD AUGUST 1898.

ORDER THEREON.—Sanctioned, the source from which the cost can be met being pointed out by the President.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Plague Commissioner in Mysore.
The Comptroller to the Government of Mysore.
The President of the Mysore City Municipality.

READ—

Memo dated 22nd August 1898, from the Plague Commissioner in Mysore, forwarding in original telegram from the Deputy Commissioner of the Kolar District, applying for a grant of Rs. 3,000 for the erection of Plague sheds, &c.

No. 2480-82—Mis. F. 21-96, DATED BANGALORE, 23RD AUGUST 1898.

ORDER THEREON.—The grant of Rs. 3,000 (three thousand) asked for in the above is sanctioned, subject to the submission of an account in due course.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Plague Commissioner in Mysore.
The Deputy Commissioner, Kolar District.
The Comptroller to the Government of Mysore.

READ—

Letter No. 29, dated 17th August 1898, from the President, Municipal Commission, Bangalore City, requesting that a sum of Rs. 10,000 may be placed at his disposal with a view to his making prompt and effective arrangements in the City in connection with Plague Prevention Measures.

No. 2495-97—Mis. F. 21-96, DATED BANGALORE, 23RD AUGUST 1898.

ORDER THEREON.—If out of the grants already sanctioned, as shewn in the margin an portion has been repaid from Municipal Funds, the same may be redrawn and utilized for the purpose mentioned in the letter read above, the whole of the grants being debited to State Revenue.

2. This application should have been made through the Plague Commissioner.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President, Bangalore City Municipality.
The Plague Commissioner in Mysore.
The Comptroller to the Government of Mysore.

READ—

Letter No. 468, dated 9th June 1898, from the Superintendent of Stationery, submitting proposal (1) for constituting the Stationery Depot, which is now a part of the Dewan's office, into a separate Department, (2) for adding to it the Tent Stores and Stamp Manufactory, and (3) for revising the Establishment at an additional cost of Rs. 117 per mensem.

No. 2560-61—Mis. 618, DATED BANGALORE, 24TH AUGUST 1898.

ORDER THEREON.—The Superintendent is informed that separate arrangements have been made for carrying on the work of the Stamp Department.

2. The Government are not prepared to make any change at present in the existing arrangements as regards the Tent Stores which are under the orders of the Secretary to Government in the General Department.

3. As the work of the Stationery Depot, has of recent years, been conducted by an officer unconnected with the Dewan's office, Government are pleased to direct that the present arrangement by which the Stationery Department is included in the Pay Abstract of that office, be discontinued and that the Superintendent of Stationery himself draw the pay of the establishment of the Depot in future. The establishment to be thus dealt with will be as follows:—

					Rs.
1	Supervisor	...	...	on	50 + 10
1	Clerk	...	...	"	30
1	Accountant	...	...	"	25
1	Clerk	...	...	"	15
1	Temporary Clerk	...	...	"	15
1	Packer	...	...	"	7
1	Do	...	...	"	7
1	Muchli	...	...	"	20
1	Peon	...	...	"	7
1	Do	...	...	"	6
Total					232

4. The contingent expenditure of the Stationery Depôt which has hitherto been paid from the contingent grant of the Dewan's office will, in future, be disbursed by the Superintendent, who may provide for the same in his Annual Budgets and apply to Government for such permanent advance as may be deemed necessary. The Superintendent will submit a statement showing the average contingent expenditure incurred in the Depôt for the past 5 years.

5. The Superintendent's proposals for the revision of the Stationery establishment as modified by his letter No. 58 dated 16th August 1898, reporting the death of the Supervisor of the Depôt, will receive separate consideration.

Read—

Letter No. 662—303, dated 25th March 1898, from the Plague Commissioner in Mysore, submitting for the approval of Government, a statement showing the allowances recommended by the Senior Surgeon for Medical officers and subordinates employed on Special Plague duty.

Letter No. 231, dated 19th April 1898, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, furnishing certain additional information on the subject.

Letter No. 8026, dated 15th April 1898, from the Comptroller to the Government of Mysore stating that the Medical officers and subordinates employed at certain stations on Plague duty having been posted to those stations by Government Notification, such stations become their Head quarters for the time being, and travelling allowances cannot be drawn for stay there, and suggesting that under these circumstances, the officials in question may be given deputation allowances not exceeding the travelling allowances to which they may be entitled.

Letter No. 317, dated 24th May 1898, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, stating that he has no objection to the allowances in question being treated as deputation allowances.

Letter No. 256, dated 28th May 1898, from the President, Bangalore City Municipality, stating that Mr. Ponnusamy Pillay, Honorary Sub-Assistant Surgeon in charge of the Plague Sanitation Camp, Bangalore, is being given batta at 12 annas per diem out of the allotment sanctioned for Plague Prevention Measures, and requesting sanction to the payment of Rs. 133-8-0 already made up to the end of May 1898, and to the continuance of the allowance during the period of that officer's employment on the said duty.

No. 2840-13—Mis. F. 21-96, DATED BANGALORE, 30th AUGUST 1898.

ORDER THEREON.—The following special allowances are sanctioned for Medical officers employed on Plague duty :—

				Rs.
Assistant Surgeon	...	...	...	60 per mensem.
Sub-Assistant Surgeon	...	...	...	30 do
First Class Hospital Assistant...	...	...	...	20 do
2nd and 3rd Class Hospital Assistants	...	...	...	15 do
Lady Apothecary	...	...	...	45 do
Midwife	...	...	...	10 do

[Note.—The Medical officer on Plague duty at Bowringpet will also get a local allowance of Rs. 5 per mensem.]

2. These allowances will have retrospective effect from the date on which the special duty commenced in each case, and will be in supersession of daily allowances under the Mysore Service Regulations during the period of such employment, the stations to which the officials in question are posted being considered their Head-quarters for the time being.

3. The amount of batta paid to Mr. Ponnusamy Pillay, Honorary Sub-Assistant Surgeon, will be adjusted from the allowances now sanctioned for that officer.

READ—

Letter No. 751, dated the 4th July 1898, from the Director of Archaeological Researches in Mysore.

Referring to my letter No. 747, of this date forwarding the final accounts for the publication of the 'Gazetteer' I have the honor to state that, with the exception of an entry for adjustment of the balance due, plus charges for packing and freight, the Budget provision for the 'Gazetteer' Department may be closed.

2. The establishment provided consisted of two writers on Rs. 50 and 30 a month, and an allowance of Rs. 25 for the Draughtsman of the Archaeological Department. In view of the close of the 'Gazetteer' operations, I beg to propose that these provisions may be transferred to the Archaeological Department.

3. Should the writer on Rs. 50 be provided for in the manner recommended in my letter No. 740, of the 27th ultimo, further provision for him will not be required. Meanwhile he may be retained in the Archaeological Department. The second writer on Rs. 30 is really a Pandit engaged on inscriptions work. I would request that he may continue at my disposal in the Archaeological Department, as he is specially qualified.

4. The Draughtsman is excellent at his work, and with the sanction of Government (see No. 18479-S1—G. F. 397-92, of 26th April 1894) has been made permanent. The 'Gazetteer' allowance is the only increase of pay he has had since he entered the Department, ten years ago, and I would request that it may be continued as part of his pay in the Archaeological Department.

5. With these changes the Budget allotment for the 'Gazetteer' Department for 1898-99, will stand at Rs. 14,000, instead of Rs. 19,400 entered for 1897-98, the items being Rs. 12,744, equivalent of £ 850, still due at 1s. 4d. and Rs. 1,256 to meet charges for packing, freight, &c.

6. The transfer to the Budget of the Archaeological Department from the 'Gazetteer' establishment above detailed will be Rs. 1,260, or if the principal writer is otherwise provided for Rs. 660. Against this, a reduction may be made of Rs. 1,300 under travelling allowance of the office hands, as there is less field work to be done now. There is also a reduction of Rs. 1,045 under the head of Office Rent, as that payment is now made from the Dewan's office. On the other hand a slight increase of Rs. 180 has been entered for printing charges in other Presses, the present allowance having been found insufficient (see Proceedings No. 11090-1—Mis. F. 397-2, of 8th March last).

7. And I would here again bring forward the proposal for certain increases of pay in my office amounting to Rs. 528 a year which was submitted last year in my letter No. 531, of the 25th June 1897.

8. The order passed on the occasion (No. 1262-95—Mis. F. 397-92, of the 22nd July 1897) refused sanction, on the ground that a deserving official should be rewarded by promotion to an appointment of higher salary and not by increase of the scale of the salary he was drawing; and that increase of the scale would be justified only on general grounds of inadequacy of the existing rates, and market value of qualifications.

9. I regret that there are no higher appointments in the Archaeological Department to which there is any prospect, within a reasonable time, of being able to promote any of those recommended. Nor is there any fixed scale of salaries with regular increments such as exist in most other offices.

10. I enclose a list showing what increase of pay has been granted to each hand in the office since admission to the Archaeological Department. With the exception of the Manager, who was expressly promoted, in order that he might not suffer by his transfer from the Government Press to this Department, no one has had any increase for four years. But for some of the lower peons, there was a small adjustment in 1895 consequent on a vacancy.

11. The grounds of recommendation for the proposals were stated last year and I can only repeat them again. The work of the office is exacting and requires special qualifications. Some encouragement in the way of increments may fairly be expected, and I trust that sanction will not be again withheld. There will be savings sufficient to meet the charge, or a supplementary entry can be made in the Budget if considered necessary.

12. With the above explanations, I beg to forward for sanction copy of the Budget of this Department for 1898-99, as sent to the Comptroller.

NO. 2814-15—Mis. 699, DATED BANGALORE, 29TH AUGUST 1898.

ORDER THEREON.—In consequence of the completion and publication of the revised edition of the 'Mysore Gazetteer,' the Budget expenditure under that head will be limited to the sum of Rs. 14,000 which is the amount required for payment of the balance due to the Publishers in England and contingencies.

2. The services of the clerk on Rs. 30 and the allowance of Rs. 25 to the Draughtsman, will, as recommended, be permanently transferred to the Archaeological Department and the clerk on Rs. 50 will be employed and paid for in the said Department until otherwise provided for.

EDUCATION

Proceedings of the Government of Mysore

READ—

Letter No. 1, dated 2nd July 1898, from the Principal, Central College, Bangalore, recommending that, pending the settlement of the general question as to the formation of Libraries for M. A. Students referred to in Government Order No. 15442-3—Ed. 408, dated 27th May last, B. Venkatesachar, who passed the B. A. Examination from the Central College in January 1898, may be given a scholarship of Rs. 30 per mensem to enable him to prosecute his studies for the M. A. Degree Examination in the Presidency College, Madras, in Physical Science.

D. O. Letter, dated 7th July 1898, from the same officer, in regard to the conditions subject to which the scholarship may be granted.

No. 1843-45—ED. 48, DATED BANGALORE, 6TH AUGUST 1898.

ORDER THEREON.—Government are pleased to sanction, as a special case, scholarship of Rs. 25 per mensem to B. Venkatesachar, B.A., for the purpose stated in Mr. Cook's letter dated 2nd July 1898, for a period of two years, with effect from the date of his joining the Presidency College, Madras, subject to his executing a covenant agreeing to the following conditions, *viz*:—

(1) That he will bind himself to study for the M. A. Examination continuously and diligently for two years, and appear for the said examination at the earliest possible opportunity consistent with the rules.

(2) That he will hold no appointment carrying a fixed stipend, nor attend the Law College during the tenure of his scholarship.

(3) That the continuance of the scholarship will depend upon periodical reports from the Principal of the College as to his satisfactory progress and application to study.

(4) That if he commits a wilful breach of any of the above-mentioned conditions, or fails to appear for the examination on any ground other than illness (in which latter case he should study for and appear at the next examination), he will refund to Government the full amount of scholarship drawn by him.

C. SREENIVASILENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Principal, Central College, Bangalore.
The Inspector General of Education in Mysore.
The Comptroller, Mysore Government.

READ—

Letter No. 10789—352, dated 17th May 1898, from the Inspector General of Education in Mysore.

I have the honor to submit for the favorable consideration of Government the following proposals regarding the office establishment of the Inspector General of Education. The office is an important one, and its work, unlike that of most Head-quarter offices, is such that it must grow from year to year as Education continues to advance and spread. The following table shows the increase of Public Institutions, of Pupils and of Expenditure from State Funds and the Village School Fund from 1889-90 to 1896-97:—

Years.	Number of Public Institutions.	Number of Pupils in Public Institutions.	Gross Expenditure from	
			State Funds.	Village School Funds.
1889-90	1,411	66,501	2,71,649	1,34,640
1890-91	1,596	72,970	2,96,086	1,62,636
1891-92	1,663	76,288	3,38,511 (12 months)	1,66,614 (12 months)
1892-93	1,698	76,963	4,03,518	1,74,479
1893-94	1,775	79,496	3,23,638	1,87,589
1894-95	1,797	83,598	4,86,101	1,95,827
1895-96	1,908	86,521	5,05,366	2,01,301
1896-97	2,021	90,321	5,23,881	2,03,930

In the space of eight years the number of Public Institutions has increased from 1411 to 2021, that of Pupils from 66,501 to 90,321, and the expenditure from Public Funds has increased from Rs. 4,06,289 to Rs. 7,29,811. With the growth of the Department the work of the office also has increased.

2. The increase of work in the office may be judged also from the number of papers despatched from and received in this office during the last five years as shown in the following tables :—

Number of papers despatched.

Years.	English correspondence.	Kannada correspondence.	Accounts		Total
			Correspondence.	Bills passed.	
1892-93	7,804	2,528	560	1,782	12,674
1893-94	8,070	2,473	381	1,024	11,948
1894-95	8,298	2,810	362	1,606	13,106
1895-96	8,951	2,913	162	1,494	13,520
1896-97	10,264	2,104	293	1,646	14,307

These figures do not include forms, books, &c., despatched from the office.

Number of papers received.

Years.	Number of papers received and registered.	Remarks.
1892-93	7,350	These figures not only exclude books, &c., received, but also the large number of monthly returns received from all High, Anglo-Vernacular Taluk and Taluk Branch Schools.
1893-94	8,710	
1894-95	11,396	
1895-96	12,249	
1896-97	15,006	

It will be seen that the number of papers disposed of by the office has been doubled in the space of five years.

3. As shown in the annexed comparative statement, the scale of establishment sanctioned for this office, compares unfavorably with that of other offices which were formed long after the Public Instruction office was established. The establishment of this office was so poorly paid in the time of my predecessors, that in spite of small increases sanctioned of late it cannot be said to be adequately paid. In quality of work I venture to submit that this office can compare favorably with any other departmental office. This office has to deal with numerous complicated questions, which the ingenuity of the large number of educated men employed in the Department can raise. I recommend therefore that Government may be pleased to sanction the following revised scale of pay for the eleven clerks of my office :—

	Rs.		Rs.
1 Clerk on	60	2 Clerks on	35
1 do on	50	2 do on	30
2 Clerks on	45	1 Clerk on	25
2 do on	40		

4. Compared with the office establishment of 1889-90, the present establishment contains three additional hands. Yet the clerks of the office are not able to go through the work, unless they work both in and out of office hours. At present it is with great difficulty that a hand can be spared to make a fair copy of the Annual Report, to prepare the Annual Schedules of establishments or to accompany the Inspector General on tour. For want of a sufficient number of hands, delay is often caused in the disposal of business. It seems absolutely necessary to employ at least two more hands to give immediate relief to the overworked officials. I recommend that two new hands may be employed on Rs. 25 and 20 respectively.

5. The present and proposed scales for the clerks of my office compare as follows :—

Present scale.		Rs.	Proposed scale inclusive of two new hands.		Rs.
1 Clerk on	...	45	1 Clerk on	...	60
1 do on	...	40	1 do on	...	50
4 Clerks on	...	35	2 Clerks on	...	45
2 do on	...	30	2 do on	...	40
2 do on	...	25	2 do on	...	35
1 Clerk on	...	20	2 do on	...	30
			2 do on	...	25
			1 Clerk on	...	20
11	Total monthly cost	355	13	Total monthly cost	480

I request that Government may be good enough to sanction the proposed increase of Rs. 125 a month or Rs. 1,600 a year.

No. 1929-30—Ed. F. 1-96, DATED BANGALORE, 9TH AUGUST 1898.

ORDER THEREON.—Under the circumstances reported, Government are pleased to direct that the office establishment of the Inspector General of Education be strengthened and revised at an additional monthly cost of Rs. 100, with effect from 1st July 1898. The present clerical establishment and that as now sanctioned are shown below :—

Present scale.			Sanctioned scale.			Remarks.

READ —

Letter No. 10870—355, dated 20th May 1898, from the Inspector General of Education Mysore, in re the re-classification of certain Educational officers.

No. 1971-72—Ed. 52, DATED BANGALORE, 10th AUGUST 1898.

ORDER THEREON.—Government are pleased to sanction the re-classification of the following Educational officers as recommended by the Inspector General :—

(I) From C. Class III (Rs. 50 rising to Rs. 100 by biennial increments of Rs. 10)

To C. Class II (Rs. 100 rising to Rs. 200 by annual increments of Rs. 10) —

(1) The Head Master, Channarayana High School.

(2) The Head Master, Chikballapur High School.

(3) Two Assistant Masters of the Shimoga College.

(II) From D. Class I (Rs. 30 rising to Rs. 50 by biennial increments of Rs. 4)

To C. Class II (Rs. 50 rising to Rs. 100 by biennial increments of Rs. 10) —

An Assistant Master of the Chikballapur High School.

(III) From D. Class II (Rs. 15 rising to Rs. 30 by biennial increments of Rs. 3)

To D. Class I (Rs. 30 rising to Rs. 50 by biennial increments of Rs. 4) —

An Assistant Master of the Chikballapur High School.

2. The Inspector General is requested to submit the names of the officer whom he recommends for promotion from C. Class III to C. Class II, for the approval of Government, and intimate direct to the Comptroller, the names of the other officers promoted under this order.

C. SREENIVASIENGAR, Secy. to Govt., Gen. & Rev. Depts

To.—The Inspector General of Education in Mysore

The Comptroller to the Government of Mysore

No. 2372-407—Ed. 62, DATED BANGALORE, 19TH AUGUST 1898.

ORDER.—Adverting to para 124 of the Report on Public Instruction in Mysore for the year 1896-97, the Inspector General of Education is informed that Government Orders and Departmental Circulars need not be printed as appendix to the Report. Only the prescribed Returns or Statements should form the appendix. The Report, which is already bulky, might in future years be condensed by the omission of the tabular statements appended to the several paragraphs thereof, the main results alone being briefly noted.

2. The rapid growth of printing charges renders it necessary that Government should insist upon conciseness in the Annual Reports of all Departments.

C. SREENIVASIENGAR, Secy. to Govt., Gen. & Rev. Depts.

To.—The Inspector General of Education in Mysore.

The Heads of other Departments.

READ —

Report on Public Instruction in Mysore for the year 1896-97, submitted with letter from the Inspector General of Education No. 236--13, dated 6th July 1898.

No. 2539—Ed. 63, DATED BANGALORE, THE 24TH AUGUST 1898.

ORDER THEREON.—Number of Schools and Scholars—During the year 1896-97, the number of Educational Institutions, both Public and Private, rose from 3944 to 3960, and the number of pupils under instruction from 112,014 to 114,614, of whom 100,090 were boys and 14,524 were girls. While Government institutions have increased by 113 and their pupils by 3,803, the private or indigenous institutions show a decrease of 97 schools and 1,203 pupils. These fluctuations were chiefly due, in the latter case, to the conversion of 86 village indigenous schools into aided institutions, and, in the former, to the opening of 115 Primary Schools, and two additional Normal Schools for the training of Primary School teachers.

2. Percentage of Scholars to Population.—The percentage of boys and girls under instruction to the male and female population of school-going age was respectively 27.42 and 4.01 against 26.97 and 3.75 in the previous year. That of boys and girls together to the entire population of school-going age rose from 15.42 to 15.78.

3. Expenditure.—The aggregate expenditure of the Education Department was Rs. 9,16,694 as against Rs. 8,50,200, and was met as shown under :—

	1895-96.	1896-97.	Difference.
From State Funds ...	4,49,022	4,77,576	28,554
From Local Funds ...	1,96,214	2,05,555	9,341
From Municipal Funds ...	30,915	33,422	2,507
From Fees ...	92,570	96,188	3,618
From all other sources ...	81,479	1,03,953	22,474
Total ...	8,50,200	9,16,694	66,494

4. Results of Examinations.—It cannot be said that either of the first grade Colleges in the State fared particularly well in the different branches of the B. A. Degree Examination, though, as in the previous year, the percentage of success was higher in the Maharaja's College, Mysore, than in the Central College, Bangalore. The results for both Colleges are compared below with those for the University :—

Subjects.	Central College.	Maharaja's College.	University.
English Language ...	22.0	26.4	37.5
Second Language ...	62.5	93.1	85.5
Mathematics ...	33.3	50.0	61.7
Science ...	56.4	...	56.3
History ...	...	73.5	74.1

The results of the F. A. Examination showed a sensible improvement, as many as 57 having passed, with 9 in the first class, out of a total of 104 who appeared from the three Arts Colleges in the State. The percentage of success was 48.3 for the Central College, 66.6 for the Maharaja's College, and 50.0 for the Shimoga College, against a percentage of 29.5 for the whole University.

Out of 310 candidates that underwent the Matriculation Examination in December 1896 from the Colleges and High Schools in Mysore, 126 passed, with 18 in the first class. The percentage of success was 40.6 as against 39.1 in the previous year and 30.8 for the University.

The Government regret to observe that the results of the Mysore Lower Secondary Examination, which were bad enough in 1895, were worse in the year 1896, only 203 candidates with English as their first language and 346 with Sanskrit or a Vernacular as a first language having passed, out of 791 and 1085 can-

didates respectively that had appeared for the examination. The Inspector General is requested to ascertain the causes of this deterioration, with a view to better results being secured in future.

In the Vernacular Upper Secondary Examination 37 candidates passed out of 66, and three of these were female candidates from the Maharani's Girls' School.

The results of other examinations do not call for any special notice.

5. *Special Schools.*—There were 35 Night Schools in existence during the year. The experiment, as far as it has gone, has produced good results and promises to supply the elements of education to large numbers of the labouring population who could not attend the Day Schools.

Two District Normal Schools of the Lower Secondary grade were opened in March 1897, at Kolar and Shimoga, and are both reported to have made a good beginning.

Turning to the work of the Industrial Schools, Government are glad to learn that the one at Mysore secured good results in the Madras Technical Examinations for 1896, and that the school at Hassan, which is on a smaller scale, did useful work. There were, besides, four private institutions which also made satisfactory progress.

Scholarships to the amount of Rs. 13,637 were paid during the year to students undergoing technical and professional education of different kinds.

With a few exceptions, the Sanskrit schools (of which 4 were alone unaided and the remaining 35 were maintained or aided by Government) were not in a very satisfactory condition as a whole. It is hoped that the Inspector General will take steps to induce managers to take greater interest in the welfare of the institutions under their charge.

The schools for the depressed castes increased from 40 to 45, and contained 1,475 pupils.

6. *Female Education.*—The number of girls' schools increased from 161 to 170: of these 94 were maintained by Government, 64 were aided, and 12 were unaided. The total number of girls under instruction was 14,524, or about a thousand more than in the previous year.

The aggregate expenditure on female education was Rs. 1,16,517, or about Rs. 6,000 in excess of the expenditure incurred in the year 1895-96: and was made up of Rs. 76,401 from State Funds, Rs. 2,349 from Local Funds, Rs. 2,040 from Municipal Funds, and Rs. 34,988 contributed by private bodies and individuals, among whom the Wesleyan Mission as usual stood first. The expenditure from State Funds on the Mysore Maharani's Girls' School alone amounted to Rs. 34,766.

For the first time in the history of female education in Mysore, three students from the Maharani's School passed the Matriculation Examination in December 1896, and are now being prepared for the F. A. Examination. This is a matter for real congratulation. Three girls passed the Upper Secondary Examination, and one of them subsequently qualified herself for a Teacher's Certificate. Fourteen girls passed the Lower Secondary Examination in the Vernacular, and five girls in English.

Mr. Bhabha remarks somewhat discouragingly on the present condition of instruction and management in girls' schools, in paras 94 and 95 of his Report. It seems, however, to Government that time and patience are required to popularize female education and to enlist the goodwill and hearty co-operation of the people in the cause.

7. *Inspection.*—A fair amount of inspection work was performed by the Inspector General and the Deputy and Assistant Deputy Inspectors during the year under review.

8. *Publications, &c.*—The Oriental Library acquired 344 manuscripts of Sanskrit and Kannada works, and added 4 Sanskrit works of importance to the series that is being issued by it.

The number of publications registered during the year was 135 (94 books and 41 periodicals) as against 148 publications in the previous year (68 books and 80 periodicals); 61 of these were educational and 74 non-educational.

The value of the stock in the Central and Branch Book Depôts together was Rs. 1,04,511. The sale proceeds amounted to Rs. 24,764, not taking into account books, &c., to the value of Rs. 5,506, supplied to schools and Government Offices. The cost of maintaining the depôts was Rs. 5,917.

Rs. 3,453 were expended in the encouragement of literature, either in the shape of remuneration in money, or by the purchase of copies or in a few cases of the entire copyright. Encouragement in one or other ways was shown in about 35 instances.

9. *Concluding Remarks.*—The other particulars touched upon in the Report do not require notice. On the whole it may be said that, despite certain defects and shortcomings alluded to in the course of the above Review, the standard of educational progress attained in previous years was more than maintained in the year 1896-97.

Proceedings of the Government of Mysore

READ—

Correspondence ending with letter No. 4417—130, dated the 4th February 1898, from the Registrar of the Chief Court of Mysore, submitting the Report on the Administration of Criminal Justice in the Mysore State for the year 1896-97.

No. 1784—J. 185, DATED BANGALORE, 4TH AUGUST 1898.

ORDER THEREON.—The number of Criminal Courts exercising original jurisdiction remained as in the previous year at 142, while the number of those possessing appellate powers subordinate to the Chief Court increased from 17 to 21.

2. The receipts of the Criminal Courts (excluding the Chief Court) amounted to Rs. 88,531 being Rs. 3,514, in excess of the figures of 1895-96. The increase was in the Bangalore, Mysore, Chitaldrug and Tumkur districts while there was a decrease in the remaining 4 districts. The receipts of the Chief Court alone amounted to Rs. 944 or 149 more than in the previous year.

3. The total number of offences of all kinds reported was 17,195 or 248 less than that of 1895-96. The decrease was in the Nundydroog and Ashtagram divisions, while Nagar showed an increase of 452 cases for which no explanation is forthcoming. Out of reported crime, 13,649 cases or about 79·4 per cent were returned as true, and 13,454 cases involving 26,069 persons were brought to trial. Including 1,141 pending at the beginning of the year, there were 27,210 persons under trial. The number of persons charged with offences affecting the human body was, as usual, the most numerous, being 13,202, which was greater than the number for the year previous by 273. The number of persons charged with offences against property was 5,940 or 616 more than during the previous year.

4. Excluding 23 persons whose cases were pending in the Sessions Courts at the beginning of the year, the number of persons under trial before the Magistrates was 27,187 or 1,239 more than in the previous year, and of these, 7,253 were convicted and 288 committed to the Sessions. The results of the Sessions trial show that out of 311 persons for trial 104 were convicted, and the total number of convictions was thus 7,357. Contrasted with the punishments inflicted in the previous year, there has been more imprisoning and less fining and whipping. The statement appended to para 58 of the Report gives 7,886 as the number punished, being 529 more than the number actually convicted. The difference needs explanation. The increase is probably due to the fact that in some cases the accused were sentenced to both imprisonment and fine. In future reports this should be explained.

5. In cases before Magistrates, the percentage of acquittals and discharges to total number of persons under trial stood at 68·68, being nearly the same as in 1895-96; while the percentage of convictions increased from 25·81 to 26·67. The convictions under theft, dacoity, receiving stolen property, culpable homicide (including murder), and grievous hurt were much larger, and those under robbery slightly less, than convictions for similar offences during the previous year; the fluctuations under other heads do not call for notice.

6. Although more work came before the Magistrates it is gratifying to note that the average duration fell from 9·42 to 5·04 and the percentage of pending cases from 4·32 to 3·54.

7. In all 297 persons were placed before District Magistrates; of these, 215 were convicted, three committed to Sessions, and 70 discharged or acquitted.

8. The number of cases committed to the Sessions Courts, including pending cases, was altogether 153, involving 311 persons. Of this number, 73 involving 203 persons ended in acquittal, and 76 cases involving 104 persons in conviction, while the remaining 4 cases involving 4 persons were pending disposal.

In each of the five cases tried by jury, the verdict given was accepted.

In 133 cases tried with the aid of assessors, the Judge agreed with both the assessors in 107, with one in 14, and with none in 12 cases.

The average duration of cases declined slightly from 1·96 to 1·92 and the number of witnesses examined from 2,334 to 2,234.

9. Out of 5 European British subjects tried by Justices of the Peace in 4 cases, three were convicted and the rest acquitted or discharged.

10. The total number of miscellaneous proceedings under the Criminal Procedure Code was 237 involving 358 persons, as against 264 involving 403 persons in the year previous; and of these, 212, as against 252, persons were convicted or otherwise subjected to penal orders.

11. Turning next to the work of the Appellate Courts, it is observed that the average duration before Magistrates declined from 12·86 to 10·91, while before the Courts of Session it rose from 11·07 to 17·35. The total number of appeals tried was 688 involving 1,360 persons, against 915 involving 1,429 persons in the year preceding. Of these, 578 were before Superior Magistrates and 110 before Sessions Courts. The percentages of reversals and modifications of sentence were 30·76 and 11·18 in the one case and 15·02 and 6·73 in the other, as against 31·40 and 7·24 in the one case and 20·00 and 15·00 in the other in the previous year.

12. In the Chief Court, the number of appeals from convictions (including 21 pending from the previous year) rose from 220 to 231, and the number of appeals against acquittals (including three pending cases) from 6 to 10. These were disposed of as follows:—

				Appeals.			
				Against convictions.		Against acquittals	
				Cases.	Persons.	Cases	Persons.
Appeals rejected or orders confirmed	...	...	...	119	142	4	9
Sentence enhanced	...	...	...	...	...	...	...
Sentences reduced or altered	...	...	...	32	51	...	...
Orders reversed	...	...	...	57	99	2	3
New trial ordered	...	...	...	...	...	1	1

The average duration of appeals rose from 28·79 to 39·45 days.

On its revision side, records were called for by the Chief Court or submitted to it for orders in 177 cases involving 271 persons, with the result that the orders of Subordinate Courts were set aside as regards 73 persons, their sentences enhanced as regards 8 and otherwise modified as regards 22 persons, and new trials ordered as regards four persons. Applications for revision from the parties involved numbered 236; in 24 of these, the orders of lower Courts were set aside, in 1 the sentence was enhanced, in 10 the same was modified, and in 4 new trials were ordered.

C. SREENIVASINGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Registrar, Chief Court of Mysore.

READ—

With reference to your letter No. 747—J. 74, dated the 11th instant, conveying the sanction of Government to the temporary retention of the establishment of the recently abolished District and Sessions Court, Nundydroog Division, pending definite proposals, as to the strengthening of the Chief Court establishment to cope with the increased work of the Court, I am directed to forward for the sanction of Government, the enclosed proposition statement, providing for the addition of four hands to the existing staff.

3. The strength of the present establishment is 1 Registrar, 1 Deputy Registrar, one Assistant Registrar and Manager, 7 Translators, 20 Clerks, 3 Judges' Clerks, 1 Librarian, 2 Clerks for the Examination Branch, and 3 Mutchis. In the menial establishment we have 1 Jamadar, 5 Daffadars, 34 Peons, 1 Dufferbund, 1 Lascar and 1 Scavenger. The cost at present is Rs. 2,684, showing an increase of only Rs. 212 over that of the establishment in 1890.

5. The additional work likely to fall on the Chief Court, consequent on the abolition of the District and Sessions Court, may be fixed at 20 Original Suits and 50 to 60 Sessions Cases, besides a few miscellaneous and execution cases. If the Subordinate Judge of Bangalore is invested with jurisdiction up to Rs. 10,000, the number of suits may be about 12. There will, however, be a large addition of correspondence work. The average number of letters in the District Court has been 6809 per year. This work will now have to be done in the Chief Court.

7. The Clerical and Menial Establishment of the late District Court was as follows:—

	Rs.	Rs.
1 Sheristadar on Rs. 100	...	125
1 Head Munshi ..	...	70
1 Deputy do	...	50
1 Third do	...	35
1 Fourth do	...	20
1 Head Clerk	...	60
1 Second do	...	30
1 Third do	...	25
1 Record-keeper	...	35
1 Mutchi	...	10 $\frac{1}{2}$
1 Duttarband	...	8
1 Daffadar	...	10
2 Peons at Rs. 7	...	14
4 Do. at Rs. 6	...	24
2 Musalebis at Rs. 5	...	10
1 Lascar	...	7
1 Sweeper	...	5
Total	...	58 $\frac{1}{2}$

Out of the establishment of the Chief Court and District Court, such of the hands as have become eligible for pension will be retired and others whose services will not be needed in the Chief Court will be provided for elsewhere.

8. The Mutchi, Dufferbund, Lascar, 2 Masalehis and the Sweeper are not wanted and their services will be dispensed with after giving them 3 months' notice under Article 287 of the Mysore Service Regulations. The Daffadar and 6 Peons whose services are required for the Acting Judge will be retained till the return of the permanent Chief Judge, as the Menials allowed for him are with him and are not available for the Acting Judge. In order to provide re-employment for the menials, &c., thrown out, the presiding officers of Subordinate Courts will be required to report to the Chief Court all vacancies in the menial establishments of their Courts.

9. The permanent establishment now proposed for the Chief Court involves an extra cost of only Rs. 190 per mensem, which, deducted from Rs. 538-8-0, the cost of the late District Court establishment, leaves a saving of Rs. 348-8-0 to Government, without taking into account the pay of the District Judge.

No. 1831-32—J. 189, DATED BANGALORE, 6TH AUGUST 1898.

ORDER THEREON.—The appointment of 4 additional clerks on the permanent establishment of the Chief Court, on salaries of Rs. 70, Rs. 60, Rs. 35 and Rs. 25 per mensem respectively, is sanctioned; as also the temporary retention of 1 Daffadar and 6 Peons belonging to the menial establishment of the abolished District Court of the Nundydroog Division, till the return of Mr. Best from leave.

2. The proposals made with regard to the retirement or re-employment of the other members of the clerical and menial establishments of the District Court whose services will have to be dispensed with, are approved.

C. SREENIVASIENGAR,
Secy. to Govt. Gen., & Rev. Depts.

To—The Registrar of the Chief Court of Mysore.
The Comptroller in Mysore.

Correspondence ending with letter No 364—35, dated the 21st July 1898, from the Inspector General of Police in Mysore, requesting sanction to an additional sum of Rs. 16-4-0 for meeting the contingent expenses of oil and petty stationery of certain Police stations in the Kolar district.

No. 1887-88—J. 200, DATED BANGALORE, 9TH AUGUST 1898.

ORDER THEREON.—For the old stations in the Bowringpet taluk and Kolar Gold Fields specified in the margin, a sum of Rs. 12-8-0 is at present allowed out of the amount sanctioned for oil and petty stationery for tanas in the Kolar district.

Names of stations, &c.		Contingent amount.		
		Rs.	a.	p.
Kolar Gold Fields ...	Marikuppam ...	2	8	0
	Oregum ...	0	12	0
	Palaghat ...	0	12	0
	Matamangala ...	0	12	0
	Ghat outpost ...	0	8	0
	Chief Inspector ...	1	0	0
	Sub-Inspector ...	1	0	0
Total ...		7	4	0
Bowringpet Taluk ..	Bowringpet ...	1	8	0
	Detamangala ..	0	11	0
	Sandarapalya ..	0	11	0
	Kammasandra ...	0	11	0
	Doodikote ...	0	11	0
	Taluk Inspector } ...	1	0	0
Total ...		5	4	0
Grand Total ...		12	8	0

2. After the revision of the Gold Fields Police effected in accordance with Government Proceedings No. Camp 375-6, dated 12th March 1897, certain additional stations were opened, for which a contingent allotment of Rs. 12-8-0 is now applied for as shown below:—

Newly opened Stations.

Names of stations, &c.					Contingent amount		
					Rs.	a.	p.
Kolar Gold Fields ...	2 Chief Constables ...	...	...	...	2	0	0
	Rodger's Camp ...	...	...	...	1	8	0
	Stevens' Camp ...	...	...	...	1	8	0
	Champion Reefs ..	...	...	...	1	8	0
	Oregum village ...	...	...	...	1	8	0
	Gold Fields of Mysore ...	...	...	...	1	8	0
	Total ...	...	...	...	9	8	0
Bowringpet Taluk ...	Bowringpet Town ...	...	...	...	1	8	0
	Agrahar ...	...	...	...	0	8	0
	Anaganahalli ...	...	...	...	0	8	0
	Banagherry ...	...	...	...	0	8	0
	Total ...	...	...	...	3	0	0
Grand Total ...					12	8	0

3. The Inspector General of Police also proposes to increase the contingent allowance of the undermentioned old stations by Rs. 3-12-0, as the present allotment is found inadequate :—

Names of old stations whose contingent allotment is increased.				Sanctioned.	Now proposed.	Increase.
				Rs. a. p.	Rs. a. p.	Rs. a. p.
Marikuppan	...	...	...	2 8 0	3 0 0	0 8 0
Ooregam	...	...	...	0 12 0	1 8 0	0 12 0
Balaghat	...	...	...	0 12 0	1 8 0	0 12 0
Madamangala	...	...	...	0 12 0	1 8 0	0 12 0
Ghat outpost	...	...	...	0 8 0	1 8 0	1 0 0
Total				...	...	3 12 0

4. The total increase of contingent charges recommended by the Inspector General thus amounts to Rs. 16-4-0, and the Government are accordingly pleased to sanction the proposed increase with effect from 1st July 1898.

5. The Comptroller will be requested to include the amount now sanctioned, in the current year's budget under the head "Oil and petty stationery" for tanks of the Gold Fields Police.

C. SREENIVASIENGAR,
Secy. to Govt. Gen., & Rev. Depts.

To—The Inspector General of Registration in Mysore.

Judicial, dated 31st August 1898.

READ—

Correspondence ending with letter No. 32, dated the 10th August 1898, from the Medical officer in charge of Lunatic Asylum, Bangalore, submitting a detailed report regarding the death by suicide of criminal lunatic Rama, admitted into the Lunatic Asylum under the Proceedings of the Chief Court of Mysore, No. 3790-91—53, dated 22nd December 1897.

No. 2911-12—J. 322, DATED BANGALORE, 31ST AUGUST 1898.

ORDER THEREON.—The Government observe that if, before the man was put into the cell, he was properly examined, the possession of the rope would not have escaped notice. It is of the greatest importance that lunatics, especially criminal lunatics, should, before they are sent to their cells in the afternoon, be thoroughly searched and deprived of all means by which self-destruction may be accomplished.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Medical officer in charge, Lunatic Asylum, Bangalore
The Registrar Chief Court, for information.

LEGISLATIVE.

Proceedings of the Government of Mysore

READ THE FOLLOWING PAPERS :—

- (1) Letter No. Gl. 14251—Legis. 81, dated the 29th April 1898, from the Secretary to the Government of Mysore, General and Revenue Departments, to the Inspector General of Registration and Registrar of Joint Stock Companies in Mysore.

"I am directed to request you to be so good as to favor Government with your opinion as to the amendment of the Mysore Companies Regulation III of 1895 under the following circumstances :—

2. Under Section 4 of Act X of 1866, which was introduced in its entirety into Mysore by the Government of India Notification No 250, dated 3rd September 1868, and which was in force before Regulation III of 1895, was enacted on the lines of Act VI of 1882 as amended by Acts VI of 1887 and XII of 1895, English and Foreign Companies formed outside Mysore could be recognised as formed under the Mysore law though not registered under it, if they had been previously registered under any of the other authorities quoted in the said Section, and as such, could carry on transactions or hold properties here. But in adapting to Mysore Act VI of 1882 which repealed Act X of 1866 in British India, all references to any other laws than those of Mysore have been omitted in Sections 4, 224, 225, 227 and 243 of Regulation III of 1895. This omission has been made notwithstanding that the corresponding Sections of the said Acts, *viz*, Sections 4, 224, 225, 227 and 243 of Act VI of 1882 and Sections 4, 194, 195, 197 and 213 of Act X of 1866 tally, and that the explanation added to Section 6 of Act VI of 1882 as an improvement over Act X of 1866 has been retained in Regulation III of 1895. Consequently, foreign companies, which cannot register under the current law (III of 1895) seem to have no legal status in Mysore. I am directed to request you to be so good as to favor the Government with your opinion as to whether it is not desirable to amend Regulation III of 1895 so as to apply the omission mentioned above.

3. In the Civil and Military Station where Act VI of 1882 is in force as it is, it is believed that no such difficulty exists."

- (2) Letter No. 206, dated the 16th July 1898, from the Registrar of Joint Stock Companies in Mysore.

"With reference to your letter No. Gl. 14251—Legis. 81, dated 29th April 1898, enquiring whether it is not desirable to amend the Mysore Companies Regulation No. III of 1895, so as to apply the omissions in Sections 4, 224, 225, 227 and 243 of the said Regulation, of all references to laws other than those of Mysore, I beg to state that for the reasons stated below the proposed amendment is, in my humble opinion, called for.

2. Act X of 1866 which was introduced in Mysore before the Rendition had no doubt contained provisions for the recognition in Mysore of foreign companies formed (outside Mysore) in pursuance of any Act of Parliament or of the Governor General of India in Council or by Royal Charter or Letters Patent, though not registered under the Mysore law. But in the Mysore Regulation No. III of 1895, which with the sanction of the Government of India was introduced in November 1895, in supersession of Act X of 1866, such references to all laws other than those of Mysore have been omitted and it appears that this omission has been made advisedly with a view to compel all the companies formed outside Mysore to have them registered under the Mysore Law to obtain for them a legal status in Mysore, it being open to States to impose their own conditions and restrictions upon foreign corporations transacting business within their limits. It was to provide for such a local registration of foreign companies that the explanation to Section 6 of Act VI of 1882 of the Governor General of India has been specially added to Section 6 of our present Regulation No. III of 1895. A close examination of this explanation will show that all the Gold Mining Companies which have been formed in England and registered under the English Law but which carry on their business partly in England and principally within the Mysore State fall within the meaning of this explanation and could, as such, be registered under the Mysore Law and thus secure a legal status in Mysore.

3. It must, however, be here noted that the necessity of a separate local registration applies only to such of the foreign companies as are formed subsequent to the introduction of the Mysore Companies Regulation No. III of 1895, the rights and privileges of those formed previous to that date remaining unaffected as mentioned in Section 2 of the present Regulation."

- (3) Letter No. Gl. 1679—Legis. 6, dated 30th July 1898, from the Secretary to Government, General and Revenue Departments, to the Government Advocate in Mysore, requesting his opinion on the point referred to above.

- (4) Letter No. 23, dated the 8th August 1898 from the Government Advocate in Mysore.

"In reply to your letter No. Gl. 1679—Legis. 6, dated 30th July 1898 I am of opinion that there is no necessity for amending the Mysore Companies Regulation III of 1895.

The explanation to Section 6 is specially added as the provision in Section 4 regarding the applicability of the Act to companies formed outside Mysore is omitted in corresponding Section 4 of Regulation III of 1895.

The Registration and Stamp Laws are local documents executed outside the Mysore Province are required to be stamped when made use of here. Letters of Administration taken outside the Mysore Province are of no avail here, and fresh Letters of Administration are to be taken here and stamp duty paid thereon. Section 6 of Regulation III of 1895 with its explanation clearly requires any company formed to comply with the requisition of this Regulation in respect to registration.

The object of requiring foreign companies to register in this Province is two-fold, one being fiscal for the purpose of fees, and the other the requirement to comply with the provisions of this Regulation.

No. GL. 2409-10—LEGIS. 13, DATED BANGALORE, 17TH AUGUST 1898.

ORDER THEREON.—The papers read above will be recorded with the observation that, as at present advised, the Government deem it unnecessary to take any action for the amendment of Regulation III of 1895.

C. SREENIVASIENGAR,
Sery. to Govt. Gen., & Rev. Depts.

To—The Inspector General of Registration and Registrar of Joint Stock Companies in Mysore,
The Government Advocate in Mysore.

ORDER No. GL. 3206—LEGIS. 16, DATED BANGALORE, THE 29TH AUGUST 1898.

In finally revising the Rules proposed to be issued under the new Village Sanitation Regulation, Government have had the advantage of perusing a large body of suggestions, many of which were considered, from the several officers consulted. They believe that the Rules as now revised embody the main requirements of sanitation in a sufficiently clear and simple form; and they therefore give to issue the same, as appended to this Order, with the remark that the mode of publication enjoined in section I should be strictly complied with. The Government have no doubt that, in enforcing the Rules, due regard will be had to the habits and customs of the people as far as possible, that every endeavour will be made to enlist their ready and cheerful co-operation.

2. The arrangement provided in Section II for the administration and execution of the Rules is the only one that is at present possible. The question of appointing village sanitary committees must be reserved for consideration after some experience has been gained of the working of the Rules.

3. Particular attention must be drawn to the provisions of Section VII relating to Epidemic cases. In case of the spread of such a disease, it is competent to the Deputy Commissioner, under clause (a) of Rule 1, should he consider such a course absolutely necessary, to direct inhabitants or any of them to disperse for a time till the epidemic shall have ceased. If the disease prevalent is small-pox, the inhabitants should be advised to submit themselves to vaccination. In case, all possible efforts should be made to remove the exciting causes, arising mainly from impurities in the soil or water of the locality, which an outbreak invariably denotes.

4. It is also necessary to invite special attention to Rules 3 and 4 of the last section, under which no prosecution is to be instituted after the lapse of three months from the date of the offence, an offender may, at the discretion of the Magistrate, be given an opportunity to avoid punishment by complying substantially with the provisions of the Rule he may have broken. These provisions will, it is hoped, prevent the Rules from operating with harshness in any case.

5. The other Rules need not be particularly referred to.

6. The annual administration reports of Municipal and District Boards should contain, in future, brief account of the working of the Rules in Municipal and rural areas.

NOTIFICATION.

In exercise of the powers conferred by Sections 3 and 4 of "The Mysore Village Sanitation Regulation, 1898," the Government of Mysore are pleased to prescribe the following Rules to regulate conservancy, to provide for protection of the water-supply, and in other respects to improve the sanitation, of villages not being municipalities governed by Regulation.

SECTION I. PRELIMINARY.

1. These Rules shall be published in three successive issues of the *Mysore Gazette* in English in Kanarese; but they shall not come into operation in any village, until a Kanarese copy of them has been publicly read and explained in that village by an officer deputed for the purpose by the Deputy Commissioner, and until Kanarese copies of them have been duly posted for a period of not less than fifteen days in the village chavadi or other conspicuous place in that village and in the nearest railway station.

2. The boundary of a village for the purpose of these Rules is the boundary of the village site as from time to time fixed under Section 134 of the Mysore Land Revenue Code.

SECTION II. AGENCY FOR THE ADMINISTRATION AND EXECUTION OF RULES.

1. The administration of the Rules is hereby entrusted, in a municipal area not governed by Regulation, to the Municipal Board for that area, and, in the rest of a district, to the District Board, or, in either case to the general control of the Deputy Commissioner.

2. Every Member of a Municipal or District Board, every Revenue Officer of or above the grade of Deputy Amildar, the District Police Officer, the Chief Medical Officer of the district, and any other officer empowered by the said Board or by the Deputy Commissioner, shall be entitled to inspect and to report upon the sanitary condition of villages, and to give such instructions to the sanitary agency referred to in Rule 3 of this section as may be calculated to further the observance of the Rules.

3. Such special agency as may be appointed for the purpose, or, in the absence of any special agency, the Patel of the village, and, in the case of an alienated village, also the holder thereof, shall be deemed to be the sanitary agency primarily responsible, under the orders of the Municipal or District Board, for the due observance and enforcement of the Rules.

The Shambhog shall be bound to render every reasonable assistance to the Patel in the execution of his duties, and to do all clerical work in connection therewith.

4. The Municipal or District Board, as the case may be, may, with the approval of the Government, and from the funds at its disposal, appoint such establishments of sweepers, scavengers, watchmen and other servants, as may be necessary for efficiently carrying out the purposes of the Rules.

SECTION III. CONSERVANCY OF VILLAGES.

1. (a) Whenever land is required for the formation of a new village, it shall be selected on a high dry ground, away from paddy fields and other places likely to be injurious to health.

(b) The streets shall be at least fifteen feet broad, and as straight as the nature of the ground may admit. The conservancy lanes shall be of sufficient width for the convenient passing of a cart. All houses shall have a front entrance on a street and means of direct access to a conservancy lane.

2. It shall be the duty of the sanitary agency to see that no nuisance or other act prohibited by these Rules is committed within the limits of a village, and that all streets, lanes, places of public resort, and vacant lands therein are free from filth, noxious vegetation and other insanitary conditions.

3. No person shall erect a new house or rebuild an old one without the written permission of the sanitary agency. Such agency may require that the house shall not be built within five feet of the street.

4. The floors of all dwelling houses newly built or rebuilt shall be raised at least one foot above the ground level; and reasonable provision shall be made for their drainage and ventilation.

5. The owner of every uninhabited building or portion of a building which is in a dilapidated and dangerous condition, shall be bound, when required, in writing, by the Municipal or District Board or by the Deputy Commissioner, to dismantle the same and to have the walls levelled to the ground.

6. No owner or occupant of a house, building or land within the boundary of a village shall permit the same to be in a filthy or insanitary state or overgrown with weeds or noxious vegetation.

7. (a) No person shall make excavations within the boundary of a village, unless required for the construction of wells or grain-pits, or for a purpose either generally or in that particular instance approved by the Municipal or District Board.

(b) All existing excavations not being such as are permitted under clause (a) shall be either filled in or drained by the person who caused them or by the owner of the ground.

8. The hedge, if any, surrounding the village shall be kept properly trimmed, and means taken to prevent its being made a cover for the commission of nuisances, and the lantana and other lush growing therein from encroaching on neighbouring ground.

9. The lower branches of all large trees shall be cut, in the case of private trees by the owner and in other cases by the sanitary agency, to a height of at least six feet from the ground, so as to allow of the free circulation of air below.

10. Cess-pits and privy-pits shall not be dug, kept up, or used, in front of the village, or near a well or other source of water-supply, or in situations to which the sanitary agency objects.

11. Cess-pits and privy-pits shall not exceed four feet in depth.

12. Where daily removal of the contents of privies is not practicable, a layer of fresh dry earth or ashes shall be spread over them every day; and no water or other liquid shall be allowed to accumulate therein. Cess-pits shall be cleared out at least once a week.

13. No person shall ease himself in or about a street or thoroughfare or at any place within the boundary of the village where such act is specially forbidden, nor on the banks or in the beds of any springs, streams, or tanks.

14. No filth, rubbish or other impure matter shall be deposited within the boundary of the village except in places or receptacles assigned for its reception. All such filth, rubbish, or other impure matter, collected within the village boundary shall be removed daily, or at other intervals prescribed by the Municipal or District Board, either to a field or to a place set apart for the same, or situated at a safe and sufficient distance outside the village boundary on the side away from the prevailing winds; and the same shall thereupon either be burnt or be worked into the soil at ploughing time.

15. The owner or person in charge of cattle shall be bound to keep the place where they are picketted, properly cleansed and free from filth.

16. No offensive trade, such as tanning, pot or tile-burning, lime-burning, boiling castor-seed, shall be carried on without a license from the Municipal President or Vice-President or the Taluk Amildar or Deputy Amildar, or otherwise than in a place to be specified in such license.

SECTION IV. WATER-SUPPLY.

1. For every village or group of villages there shall be set apart, with due regard to the convenience of the various sections of the inhabitants, one or more wells solely for drinking purposes or if the water-supply is from tanks, arrangements shall be made to prevent the drinking-water supply being contaminated by bathing and the washing of clothes.

2. The ground within ten yards of every drinking-water well and of the bank of every tank supplying drinking-water shall be kept free from filth, rubbish or other impure matter, and sloped outwards so as to prevent filth, etc., from being washed into the well or tank.

3. All wells within the village or near a road or path, whether used for drinking purposes or not, shall be fenced round with parapet walls of stone or mud at least two feet high.

4. If the drinking-water is obtained from a flowing river, efficient measures shall be taken to preserve the cleanliness of the banks as well as the beds of nullas, streams or water-courses which discharge into it, and to prevent their contamination.

5. In the event of any source of drinking water being found to yield impure water, immediate measures shall be taken to improve the same, pending which the further use of such source may be forbidden.

6. No person shall bathe or wash clothes or cattle in any well, tank, reservoir, channel or stream used or set apart for drinking purposes, or render the water thereof impure in any other manner.

SECTION V. FOOD-SUPPLY.

1. No one shall feed mitch-kine or animals for slaughter, or permit them to be fed, on stable litter and other refuse or deleterious matter.

2. No person shall sell or expose for sale tainted meat or fish or unwholesome fruits or vegetables.

3. No person afflicted with a loathsome, infectious or contagious disease shall sell or expose for sale any articles of food or drink.

SECTION VI. DISPOSAL OF DEAD BODIES.

1. Burial and burning grounds shall be set apart for each village or group of villages outside the village boundary and at a reasonable distance therefrom. No such ground shall be situated by the side of any stream or reservoir the water of which is used for drinking purposes, or in the bed or on the bank of a tank or a river or in a nulla which forms a water-course after rain.

2. No person shall bury or burn dead bodies or cause the same to be buried or burnt outside the ground set apart under the preceding Rule, or, if no such ground has been set apart, in any place unsuitable for a burial or burning ground under that Rule. Nor shall any dead bodies be thrown into a river.

3. When a dead body is buried, the grave shall be of sufficient depth to allow a full space of five feet between the body and the level of the ground, and shall not be excavated at a less distance than two feet from any other existing grave.

4. When a corpse is disposed of by burning, no part of the body shall be left unconsumed.

5. The bodies of all cattle that have died of any infectious disease shall be disposed of by burial under not less than six feet of earth or be burnt.

SECTION VII. EPIDEMIC DISEASES.

1. In the event of an outbreak of cholera, small-pox, or other infectious disease in a village—

(a) every person shall be bound to comply with any reasonable direction that may be given him by the sanitary agency of his village, or by any authority to which such agency is subordinate, for the proper cleansing and disinfecting of his house or premises or for preventing the spread of the disease;

(b) prompt steps shall be taken to cleanse the village by removing all filth that may have accumulated in the backyards of houses as well as in the streets;

(c) all matter discharged by the person attacked shall at once be removed and burnt, disinfected or buried;

(d) the dwelling house of the person attacked shall be thoroughly disinfected and whitewashed, and the clothes and bedding used by him either buried or burnt or disinfected;

(e) fresh earth shall be strewn around the dwelling, more particularly where any discharges from the infected person are likely to have been thrown;

(f) the hut in which the case occurred may, with the previous permission of an officer not below the rank of Amildar or Deputy Amildar, and on payment of reasonable compensation, be destroyed, if it is one of mud and has a thatched roof; and in all cases, before the house is again inhabited, it shall be thoroughly cleansed and whitewashed and not allowed to be occupied for at least fifteen days.

2. When infectious cattle disease breaks out, the owners of cattle shall keep their sick cattle segregated and far removed from the village.

SECTION VIII. PENALTIES AND DISPOSAL OF FINES.

1. Whoever is guilty of a breach of the provisions of any of the foregoing Rules, shall, on conviction before a Magistrate, be punished with a fine which may extend to ten rupees; and, when the breach is a continuing breach, with a further fine which may extend to five rupees for every day after the first during which the breach continues.

2. All fines shall be recovered in the manner prescribed in the Code of Criminal Procedure; and shall, when recovered, be credited to the Municipal or the District Board, according to the nature of the area within which the breach occurred, and may be applied, under the orders of the Municipal or the District Board, as the case may be, towards any of the purposes of these Rules.

3. No prosecution for a breach of the provisions of any of the foregoing Rules shall be instituted after the lapse of three months from the date on which the breach occurred, or, if it was a continuing breach, when it last occurred.

4. The Magistrate trying a case under Rule 1 of this Section may, at any time, if he thinks fit, postpone the trial for such time as he considers reasonable to enable the offender to comply with the provisions of the Rule in respect of which the breach occurred; and, thereupon, if he finds that the offender has substantially complied therewith, shall discharge him.

By Order,
C. SREENIVASINGAR,
Secy. to Govt. Genl. & Rev. Depts.

L. B. B.—LOCAL FUNDS.

Proceedings of the Government of Mysore

READ—

Letter No. 1160—956, dated 18th April 1898, from the President, District Fund Board, Shimoga, submitting an extract from the Proceedings of the Board, dated 26th March 1898, together with a list of incomplete works and new works to be undertaken during 1898-99, and requesting a grant-in-aid of Rs. 60,000, from the Local Funds General, for the same, the District Funds being unable to meet the expenditure.

No. 1794—L. F. 66-97, DATED BANGALORE, 5TH AUGUST 1898.

ORDER THEREON.—As the works included in the list received with the above are all essentially "Local," the District Funds must bear the cost. The charge is not a legitimate one for the Local Funds General to bear.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President, District Fund Board, Shimoga.

Memo No. 1801-7—L. F. 66-97, dated 5th August 1898.

READ—

Docket No. 791, dated 14th June 1898, from the President, District Fund Board, Kadur, requesting sanction to a grant of Rs. 10,000 for the construction of drinking water wells, &c, in his District as well as to a further sum of Rs. 3,000 for the incomplete works of the year 1897-98 and stating that, should there be any excess expenditure over the proposed latter grant, application will be made in due course.

2. Letter No. 78, dated 22nd July 1898, from the President, District Fund Board, Mysore Circle, stating that owing to the paucity of the District Funds, many important works, such as drinking water wells, &c, cannot be undertaken from the District Funds, and requesting sanction to the grant of Rs. 20,000 or Rs. 25,000 from Local Funds General, in view to villages being provided with good drinking water wells.

No. 2347-8—L. F. 2-98, DATED BANGALORE, 19TH AUGUST 1898.

ORDER THEREON.—The Government consider that it would be far better to spend the Local Funds, General, upon large bridges as per Bridge Programme under preparation in the Public Works Department than upon petty local works of the kind mentioned in the letters read above. The grants applied for cannot, therefore, be sanctioned for new works.

2. But the incomplete works undertaken from Local Funds General, in past years should be pushed on to completion as early as possible. The necessary funds for them will be placed at the disposal of the President on receipt of a list of incomplete works showing the amount required to complete such works.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To.—The Presidents, District Fund Boards, Mysore and Kadur Districts.

Proceedings of the Government of Mysore,

READ —

Correspondence ending with letter No. 65, dated 23rd July 1898, from the President Municipal Boards, Hassan District, submitting the information called for in this office docket No. 14365—L. F. 341-96, dated 4th May 1898, in regard to the formation of a Municipality at Basavapatna in the Arkalgud Taluk.

No. 2850-53—L. F. 341-96, DATED BANGALORE, 31ST AUGUST 1898.

ORDER THEREON.—Under the circumstances reported in the letter read above, the Government are pleased to sanction the formation of a Municipality at Basavapatna with effect from 1898-99.

2. The Municipality will be maintained by the entire revenue of House and Mohatarfa taxes which will now be transferred to it, and miscellaneous receipts, such as cattle pounds, &c.

3. The receipts and expenditure of the Municipality for the year 1898-99 are estimated as follows:—

Items of receipts.	Estimate for 1898-99.	Details of expenditure.	Estimate for 1898-99.
	Rs.		Rs.
II Tax on houses, buildings and lands.	451	II Head office charges	15

(b) Cart tax	18		
(c) Oil-mil tax	9		
X Miscellaneous—			
1. Sale of houses and lands	10		
2. Sale of manure	8		
3. Pounds	20		
Total income	616	Total	315
Opening balance	...	Closing balance	301
Grand Total	616	Grand Total	616

4. The President is requested to submit a list of members, ex-officio and nominated, whom he would propose to appoint for the newly constituted Municipality of Basavapatna.

C. SREENIVASILINGAR,
Secy. to Govt., Gen. & Rec. Depts.

To—The President of Municipalities, Hassan District with Vernacular papers.

The Comptroller to the Government of Mysore.

The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

The Chief Engineer of Mysore.

Local Boards, Municipal, dated 31st August 1898.

Read—

Letter No. 113, dated 12th August 1898, from the President, Mysore City Municipality, to the Secretary to the Government of Mysore, Revenue and General Departments.

With reference to Government Proceedings No. 2-16—L. F. 111-97, dated 1st July 1898, sanctioning the Budget Estimates of the City Municipality for 1898-99, and calling for explanation on certain points, &c., I have the honor to state as follows :—

Para 6. VII. Mohatarfa (a) Shop Tax.—The shop tax was not revised.

Para 11. X. Miscellaneous (b) Loans.—A separate report has been submitted.

Para 12. X. Miscellaneous (m) Contributions.—The annual usual grant for the maintenance of District and Provincial roads passing through the City is Rs. 2,250 and an additional grant sanctioned in Government Proceedings No. 1850-54—L. F. 204-93, dated 5th August 1896 is Rs. 5,000. Thus the total amount is Rs. 7,250, but the decrease of Rs. 5,000 from the provision of the last year's Budget is due to the grant for two years having been shown in that year, as no contribution was credited to the Municipality in the year previous.

Para 24. Closing Balance.—As the savings amount to more than Rs. 25,000, in the actuals at the close of the official year, the balance will not fall short of the minimum prescribed.

No. 2507-8—L. F. 111-97, DATED BANGALORE, 24TH AUGUST 1898.

ORDER THEREON.—VII. Mohatarfa (a) Shop Tax.—As it is now reported that shop tax was not revised in the town, the estimate of Rs. 6,000 which is only Rs. 459 in excess of the actuals of 1896-97, may stand.

2. **X. Miscellaneous (m) Contribution.**—The estimate of Rs. 7,250 entered under this head is stated to include the Rs. 5,000 sanctioned in Proceedings No. 1850-54—L. F. 204-93, dated 5th August 1896 and is passed.

3. The other paras call for no remarks.

C. SREENIVASIENGAR,

Secy. to Govt., Gen. & Rev. Depts.

To—The President of the Mysore City Municipality.
The Comptroller to the Government of Mysore.

REVENUE.

Proceedings of the Government of Mysore

READ THE FOLLOWING PAPERS—

(1). Letter No. 3488—320-94, dated 5th October 1894, from the First Assistant to the Resident in Mysore requesting to be furnished with the information called for by the Government of India in regard to the different breeds of horses in Mysore.

(2). Letter No. 584—320-94 dated 20th February 1895 from the same officer forwarding a copy of letter from the Inspector General, Civil Veterinary Department, to the Government of India, suggesting certain measures for the improvement of the breeds of ponies in Mysore.

(3). Letter No. 3700—292, dated 10th May 1895 from the late Inspector General of Forests, submitting a report on the above subject.

(4). Letter No. 650—56, dated 11th September 1895 from the late Inspector General of Forests in Mysore.

In compliance with the request contained in your letter to my address No. 24925—R. P. 78-94, dated 26th June 1895, I have the honor to submit for approval, draft of the scheme which I would propose for giving effect to the wish of Government to push on more energetically with pony-breeding in the Mysore District.

II. In the preparation of the scheme I have been materially helped by the valuable experience of Veterinary Lieutenant-Colonel A. E. Queripel, Inspector General, Civil Veterinary Department. In fact the first 12 paras are his with slight alterations here and there to fit in with local requirements. The remaining paras are mainly short extracts taken from various Proceedings of the Madras Board of Revenue relating to pony-breeding.

III. In the letter now under reply I am requested to select the best of the 2 or 3 active young men who passed well in Veterinary Science and report the result for the orders of Government. But as far as I can learn, these young men possess only a smattering of Veterinary knowledge. It is therefore a question whether the Veterinary Assistant or Veterinarian should not be a passed Veterinary Surgeon as Mr. N. Narasimengar or a man of great experience as Mr. Royal of the Palace stables. As regards the latter the Private Secretary to Her Highness the Maharani, might be moved for the use of his services, when not interfering with his work at the Palace stables, and similarly an arrangement might be made with Colonel Macintire as regards Mr. N. Narasimengar, who is at present attached to the Sillehdar's Regiment at Mysore. I would prefer a regularly trained man because when there has to be so much castration performed it won't do to have deaths by unskilful operation and the like and which might retard the work to a serious extent.

Enclosure. Draft Scheme for Improved Pony Breeding in Mysore.

The general run of mares in Mysore is small, and the faults to be corrected are those commonly found in India, *viz.*, narrow-chested, flatsided, drooping quarters with badly shaped forelegs; therefore the stallions selected for breeding should not exceed 13-2 in height and should on no account possess any of the faults above mentioned.

2. There are at present 6 stallions and they should be employed in certain of the districts other than the Mysore District, where special arrangements should be made. The Deputy Commissioners and Amildars of the Districts in which these 6 stallions are located, should be enjoined to so interest themselves, that at least 60 mares should be covered annually by each stallion; there should be no difficulty in doing this.

3. The reason for advocating the employment of stallions in other districts in addition to Mysore District, is that although much attention will not be paid to these districts at first, still when operations have been well started in the district

of Mysore and have proved a success, such operations could be extended to the other districts in succession, and when it would be found that the owners of mares had in part been educated in the subject whilst some of them would already have a better class of mare to work on.

N. B. These 6 stallions should be carefully inspected, and any that possess the faults that should be guarded against, as before mentioned, should be got rid of. Veterinary Lieutenant Colonel A. E. Queripel, Inspector General, Civil Veterinary Department, who will be in Bangalore about November next, has kindly offered to inspect these stallions if Government would like him to do so. Ponies to replace, if necessary, any of these could be purchased in Bombay at an average of Rs. 400 to Rs. 450.

4. Coming to the district of Mysore itself where Government desire more energetic action in pony breeding, Veterinary Lieutenant Colonel Queripel recommends as follows :—

“To commence with, two stallions should be bought for breeding in this district; these should be the best that money can buy. I would put down their cost at about Rs. 800 each. The number is fixed at two, as that is the number for which employment is now found, but as the industry recommends itself to the raiyats and as they begin to see the advantages and further as castration is extended in the district and the number of village tats diminishes, it will be necessary to add to the number of stallions employed.”

N. B.—The above officer would like, with the assistance of the Mysore Government, to have a few mares collected at two centres, Bangalore and Mysore, so as to be in a better position to judge of the best class of stallion to insure the latter nicking with the mare of the country. If at the same time some young stock by Government stallions would be collected also for the Inspector General's inspection it would afford him some additional information.

5. These two stallions should be kept at Mysore City in charge of the district officials. If, at first, sufficient work be not found for both stallions at Head-quarters, one of them should, from time to time be sent out on tour to cover mares as secured by the personal influence of Deputy Commissioners and their assistants or by Taluk and Police officials. In this manner, at least 60 mares should be covered annually by each stallion.

6. The above officials should further, when on tour, cause mares to be collected at different centres; should select the best of those so collected; and should then get the owners to promise that when these mares come in season they will take them to the stallion to be covered: Mares so selected should be supplied with a certificate on the form marked A. Certificated mares to have priority of claim to the service of the stallions.

N. B.—The words “pending the inspection of the mare by an officer of the Civil Veterinary Department” in above form A have been struck out as hardly necessary at present. A register on form marked B should be kept of all mares covered. At the time of covering, the owner of the mare should be supplied with a covering certificate marked C and a copy thereof should be furnished to the Amildar of the taluk to which the mare that has been covered belongs for purposes of periodical inspection and verification.

The Veterinary Assistant or Amildar would obtain a list of mares covered during the year previously and should ascertain the result, giving the owner of any foal born, a produce certificate on form marked D, and giving him advice as to the proper feeding of the mare.

N. B.—Certificates C and D should be on cloth-mounted paper and not on mere paper as at present. The reason being that at Shows, Sales, &c., owners have to be frequently producing such certificates and they would soon be worn out or torn if not printed on durable material.

7. The Veterinary Assistant, in addition to performing this duty, should actively carry out castration, commencing with the worst village tats that can be found. He should be obliged to castrate all village tats free, and should send a monthly diary to the Officer in Charge of Pony Breeding Operations.

This diary should show the villages visited and the work done, and should have the signature or seal of the headman of each village which he visits. To enlist his interests in the work, he might be promised some reward for all colts or entires castrated over 150 annually.

8. To prevent disappointment arising when breeders bring their mares to Mysore City and find that the stallion is not present, one stallion must always remain at Head-quarters. The other stallion may be sent on tour in manner indicated in para 5 above.

9. Breeders should be encouraged to keep their fillies, the produce of Government stallions for breeding purposes.

10. When operations have been in existence for two or three years it will be necessary, in order to give an additional impetus to improved pony breeding and its concomitant castration, to hold a Pony Show in Mysore with substantial prizes, somewhat on the lines of Shows now held in Salem and Coimbatore Districts, in the Madras Presidency.

11. The Veterinary Assistant, who is proposed for service in the Pony Breeding Department, might be sent to the Balugarh Depot near Meerut for two or three months to be trained. There he would be taught the management of stallions and mares at the time of covering, &c.

N. B.—This will not be necessary if a regular Veterinary Surgeon or otherwise thoroughly experienced man be appointed.

12. A copy of the Rules for the care of Government stallions employed in Northern India, is attached for perusal and may be adopted, save as regards branding of mares.

13. No fee to be charged for a Government stallion covering a mare. Care to be taken that the groom in charge of a Government stallion does not take or exact any present from the owners of mares bringing their mares for service.

14. Branding mares not advisable at the early stage of operations. Owners would take alarm at such branding and it would excite distrust and objection.

15. Mares are to be rejected for covering if 2 (two) hands less in height than the stallion unless the shape and frame of the mare are such as to warrant her being admitted to service.

16. As an incentive to castration, Government to defray the keep of castrated animals till they are cured and to pay the value of any animal dying under the operation.

17. Yearling colts, the produce of Government stallions, should also be castrated.

18. As an additional encouragement to castration, prizes should be awarded for geldings either by Government stallions or otherwise.

19. For purpose of pony breeding, racing ponies which have shown good staying powers and possess substance and quality should be purchased, as opportunity offers, when they have broken down or are no longer fit for racing.

20. Over-working or ill-feeding of mares in foal is liable to cause abortion, or the birth of weak foals. Owners should take great care in the feeding of their mares in foal and of the foals after weaning and if the foals are thus well cared for in the early stages of their growth and not put to work when too young, there will be marked improvement in the young stock.

N. B.—It is in the direction indicated in this para also in getting owners to have their colts or fats castrated and in securing the best mares available for service by Government stallions that district and taluk officials can afford most material assistance. Government should, therefore, particularly request all officers of districts and especially Amildars to actively aid accordingly. What such aid can amount to, even in the case of a single individual, is well illustrated in the case of Mr. Seshachalla Naidu, Shoristadar of the Hosur Taluk, whose successful exertions on behalf of pony breeding have been noticed with approval even by the Government of India.

If more be required to be added in order to enlist the sympathy, co-operation and support of the civil authorities in pony breeding, I have to remark that the matter, as observed by the Government of India, is one of National and Military importance.

(5). Letter No. 868—94, dated 25th September 1895 from the Inspector General of Forests in Mysore recommending that the stabling or part thereof and the grazing ground attached to Wellington Lodge at Mysore be appropriated for a paddock for breeding purposes.

(6). Letter No. 2533—239, dated 10th February 1896 from the Conservator of Forests requesting sanction to the entertainment of a Munshi on Rs. 25 and a Daffadar on Rs. 20 per mensem in connection with pony breeding.

(7). Letter No. 158—16 dated 9th July 1896 from the same officer submitting a Note on the past history of the pony breeding operations in Mysore.

In continuation of my No. 2533—239 of 10th February last, I have the honor to submit a note on the pony breeding experiment in this Province and to suggest that it may be printed along with the note *recently submitted on the sheep breeding experiment and such orders as Government may deem fit.

2. The experience gained in both cases goes to show that such experiments to prove satisfactory and produce good results must be entrusted to specially selected officers who will take an intelligent interest in them and be supervised by some one with sufficient authority and technical knowledge, either of his own or at his command, to ensure their being conducted carefully, economically, and on proper principles.

I am inclined to think that, unless Government is prepared to entertain a Specialist as Director of Agriculture, such supervision might be exercised by the head of the Forest Department aided by technical advice not only without prejudice but actual advantage to his Forest duties which are closely allied with those of Agriculture including the improvement of stock. If Government thinks well of this idea I am prepared to develop it.

3. Meanwhile, I am calling on the officers in charge of the stallions at Chitaldrug, Kolar and Bangalore to submit their returns of services and report on the condition of the animals in their charge as it is evidently a mere waste of money to maintain them if they are really "not effective" or their services are not utilized.

ENCLOSURE.

Note on the Pony breeding Experiment in Mysore.

Object of the Experiment and Initial steps taken.—For the purpose of improving the ill-shaped weedy native breed of ponies known as *tattoos*, Colonel Hay, when Military Secretary, proposed to Government in May 1888 that a first class Arab pony stallion should be procured, and as an experiment stationed in the Tumkur District for the serving of mares of that district free of cost to the owners. His proposals were approved of by Government, and sanction was accorded in June 1888, soon after the receipt of which, the Military Secretary addressed a Circular to Deputy Commissioners of districts asking them to inform him of the number of pony-mares and whether they would recommend the location of a pony-stallion for breeding purposes in their districts. Upon replies received, the Military Secretary purchased 3 Arab pony stallions, two of which were sent to Shimoga District and one to the Tumkur District in December 1888. In March 1889 two more stallions were purchased and attached to the Districts of Kolar and Shimoga.

2. *Control.*—The control of this experimental pony breeding was held by the Military Secretary himself up to March 1889, when it was transferred to the late Director of Statistics and Agriculture, Mr. Ricketts, by whom it was continued as Inspector General of Forests on the abolition of the former office. After this officer took charge of the experiment he supplied the Chitaldrug, Bangalore and Mysore Districts with a stallion each in September 1889, and replaced the stallion at Tumkur which had died and that of Mysore which had been transferred by pur-

chasing two more stallions in January and November 1890. Thus 10 stallions in all have been purchased up to date by the Mysore Government for the pony breeding experiment at a total cost of Rs. 6,250.

3. *Particulars of Stallions purchased and their location.*—These stallions were not permanently attached to particular districts, but were being transferred with some exceptions, from one district to another as occasion demanded. Particulars regarding purchase, transfer, &c., of each stallion are as follows:—

- (I) "*Kilwartin*" (14 hands) purchased by Colonel Hay in November 1888 from Dr. Parkis for Rs. 600, sent to Shimoga in December 1888, where it remained till August 1889, transferred to Hassan in September 1889, kept there till end of May 1894, transferred to Kadur in 1894, employed there up to July 1895, and transferred to Chitaldrug in August 1895, where it remains at present. The animal is reported to be now unfit for covering purposes.
- (II) "*Cesar*" (13 hands 2 inches) purchased in November 1888 by Colonel Hay from Captain the Honorable A. Roche for Rs. 500, located in Shimoga from December 1888 to December 1893 and transferred to Mysore in January 1896 where it now is. This is an effective stallion.
- (III) "*Nowshara*" (15 hands 2 inches) also purchased by Colonel Hay along with "*Cesar*" for Rs. 500, attached to the Tumkur District in December 1888, where it was attacked with *splenio-apoplexy* in November 1889, pronounced incurable by veterinary authorities and therefore shot on 4th December 1889.
- (IV) "*Stonebrake*" (height not known) purchased for Rs. 400 by Colonel Hay from His Highness the Maharaja's Stud in March 1889 and sent to the Kolar District in the same month where it died on the 14th November 1891 of glanders.
- (V) "*Kirkee*" (14 hands 2 inches), a stallion which had been purchased for the Kunigal Stud, was sent to Shimoga in March 1889, transferred to Kadur in September 1889, kept there for only 3 months, transferred in December 1889 to Chitaldrug whence sent to Tumkur in November 1891, where it has remained till now. This is an effective stallion.
- (VI) "*Curlew*" (14 hands) purchased by Major (now Lieutenant Colonel) Macintire in August 1889, for the Director of Statistics and Agriculture for Rs. 700, sent to Chitaldrug in September 1889 where it remained till the end of December 1894, when, upon the Deputy Commissioner's report that it was unserviceable it was transferred to Bangalore by Mr. Ricketts, who after trying the animal personally for 3 months handed it over to the Superintendent of Police, Bangalore District, to endeavour to improve its condition, if possible, as it was suffering from some cutaneous disease. Though apparently cured of the disease, this horse seems to have eventually grown so weak that it could not stand up, and was sold by public auction under the direction of the Bangalore Taluk Amildar for the small sum of Rs. 15-0-0 in July 1895. Mr. Ricketts, who regretted that the animal has not been shot as it ought to have been, recommended the purchase of another in its place, vide his letter to Government No. 1559-154, dated 15th November 1895, on which no orders have been passed.
- (VII) "*Greyduck*" (14 hands) purchased by Mr. Ricketts in September 1889 from Captain Morris, then Deputy Commissioner, Bassein District (Berar) for Rs. 550 and attached to the Bangalore District where it still is. No service certificates for this stallion have been received for the past year and it is entered as non-effective.

(VIII) "*Don*" (13 hands 2 inches) purchased by Colonel Macintire for the Director of Statistics and Agriculture in September 1889 for Rs. 800, stationed in Mysore from October 1889 to November 1891 and then transferred to Kolar where it died of colic on the 3rd February 1893.

(IX) "*Placid*" (14 hands) purchased by Colonel Grant for the Director of Statistics in January for Rs. 700, sent to Tumkur the same month and kept there up to May 1894, transferred to Kolar in June 1894, where it now remains. No certificates of services effected by this stallion have recently been received and it is entered as non-effective.

(X) "*Sirdar*" (14 hands) purchased for Rs. 1,500, from His Highness the Maharaja's Stud by the Director of Statistics and Agriculture in November 1890 and attached to the Mysore District, where it has remained ever since. This is another effective stallion.

4. *Purchase of a Pony Mare.*—Apart from the above pony stallions, a brood mare named "*Mariam*" was purchased by the Director of Statistics and Agriculture in November 1889 for breeding purposes for Rs. 300 from Veterinary Surgeon Mr. G. Durrant. With what special objects this purchase was made and how far such objects were realized, cannot be made out from the records existing in this office, which reveal nothing more than that the animal was located at Bangalore from November 1889 to December 1891, when it was purchased by the Military Secretary for the use of the Stud Farm at Kumigal, and that during this period a sum of Rs. 666 was spent on account of its feed and keep.

5. *Stallions on hand and their Effectiveness.*—It will be seen from the above that out of 10 stallions purchased, 6 survive in the undermentioned districts of which only 3 as noted are apparently effective or serviceable :—

Name of Stallion	Height		District attached to	Whether effective or not
	Hands	Inches		
Kilwarlin	14	0	Chitaldrug	Not effective
Cæsar	13	2	Mysore	Effective
Kirkee	14	2	Tumkur	Effective
Greyduck	14	0	Bangalore	Not effective
Placid	14	0	Kolar	Not effective
Sirdar	14	0	Mysore	Effective

The retention of stallions that are unserviceable for breeding purposes is, of course, a useless burden on the State, and they should be sold to best advantage or destroyed; but before such final step is actually taken in the case of the 3 stallions "*Kilwarlin*," "*Greyduck*" and "*Placid*," it would be advisable to have a veterinary opinion and probably to give them a further trial either in the Mysore or Tumkur District. The opinion that the said stallions are not effective is not that of experts, but merely an inference from the fewness of services, which may be due either to want of proper arrangements, publicity or disinclination of owners of mares but most probably to want of interest and supineness on the part of the officers in charge.

6. *Particulars of Services.*—The following table shows the number of services effected by each of the stallions. The figures do not represent the complete number of services effected inasmuch as certificates of such services have been registered in the late Director of Statistics' office only from April 1890, and the certificates of prior date are not to be found in the records transferred to this office. The results for the years 1888-89 and 1889-90 have been gathered from information contained in a few dockets received from districts:—

Year.	Stallions.										Total.	Remarks.
	Kidwaha.	Caesar.	Nowshera.	Stonebrooke.	Kirkee.	Carlsw.	Greyduck.	Pon.	Phal.	Sidm.		
1888-89	1	1	Nil	(a)	(a)	(b)	(b)	(c)	(d)		2	(a) Purchased in March 1889
1889-90	(c)	9	3	12	(c)	3	Nil.	(c)	(d)			(b) Do in 1889-90.
1890-91	10	5			6	6	18	4	23	(d)	99	(c) Do in January 1890.
1891-92	9	12			12	4	10					(d) Do in November 1890
1892-93	1		Died.	Died.	10	9	4	7	Nil.	10	94	(e) Not known.
1893-94	Nil.	16			4	6	3		1	14	44	
1894-95	Nil.	14			8	23	Nil.		Nil.	16	55	
1895-96	Nil.	8			17	23	Nil.		Nil.	10	53	
Total	21	53	3	12	57	51	35	11	26	55	327	

It will be seen from the above that the stallions that have been doing any service in the current year are only three "*Caesar*" and "*Sidm.*" of Mysore and "*Kirkee*" of Tumkur, in both of which districts European officers are in charge of the stallions. What is further noticeable is that the stallion "*Caesar*" whose services while in the Shimoga District in 1891 to 1893 were respectively two and one and which was on the eve of being pronounced unserviceable, has proved quite the reverse in the Mysore District in 1893-94 and 1894-95.

7. *Results of Services.*—The results of the above services have been very indifferent and vague. Out of 224 mares served up to end of 1894-95, only 23 or nearly 8 per cent are known to have dropped foals, and the rest are returned as either "not known" or "not filled."

8. *Cause of non-receipt of information as to Foaling and its proposed cure.*—The reason for the results of services not being known in the majority of cases appears to be that persons who own mares are not generally dealers in horses and therefore do not trouble themselves to report the births of foals and get our certificate* of identification. Periodical Pony Shows, therefore, as are held in the Madras Presidency with special prizes for the produce of the Government stallions would seem to be a strong incentive to the mare-owners to produce the young colts and fillies to the officer concerned for registration. In the Madras Presidency the following prizes are offered at the Pony Shows:—

Class.		Prizes				Remarks.
No.	Description.	First	Second	Third	Total	
I	Mares in foal with foal at foot ...	Rs. 50	Rs. 30	Rs. 20	Rs. 100	Classes I to IV are open only to the produce of Government stallion satisfactory evidence thereof being produced.
II	Yearling colt ...	30	20	10	60	
III	Do filly ...	30	20	10	60	
IV	Two years old filly ...	50	30	20	100	Classes V and VI are open to all ponies bred in the Presidency two years old or upwards whether the produce of Government stallions or otherwise.
V	Goldings two years and upwards ...	50	30	20	100	
VI	Mares about two years old ...	50	20	10	60	
Total		...	...	...	480	

The late Inspector General of Forests was of opinion that such Shows might be held in Mysore at the Dassara time and that the total sum to be awarded at each Show be Rs. 750 making provision for fourth and fifth prizes.

9. *Cause of many Misconceptions and their proposed cure.*—The cause of large number of failures is not far to seek. Being no adepts in horse breeding, the mare owners are ignorant as to the proper treatment of their mares after they have been served and are in foal. A Kanarese translation of the **Primer re-*

*Appendix B

†Appendix C

garding management and treatment of brood mares and stock," as also that of the †*Memorandum re-*

garding the establishment of a run for young horses," placed in the hands of owners of mares served by Government stallions, might be conducive of beneficial results.

10. *Results in Mysore compared with those obtained elsewhere.*—Compared with the results obtained in similar operations in Madras, Bombay and Bengal the results in Mysore appear very unfavorable. The average number of mares hitherto covered per annum by each stallion in Mysore has been 6.9 while it is 54.6 in Madras, 32.8 in Bombay and 39.9 in Bengal. Again, the produce foaled per stallion in Mysore has been on an average only 0.6 against 9.3 in Madras, 11.4 in Bombay and 12.6 in Bengal. Such bad results in Mysore seem to be in great measure attributable to want of castration operations here, which in Madras and elsewhere are carried on side by side with the breeding operations, with the result that by rendering inferior country ponies incapable of covering greater demand is created for the services of the Government stallions and better results are obtained. Some Deputy Commissioners state that the stallions supplied are too large for the local mares. Veterinary Captain R. W. Burke, Superintendent, Civil Veterinary Department, Madras Presidency, considers, however, that mares

*NOTE. 14 hands is the height of 5 out of our 6 stallions.

measuring 11-2 to 12 hands put to stallions of 13 to 14 hands "throw the best of foals, which under pro-

per care and management prove excellent ponies," while Veterinary Lieutenant Colonel A. E. Queripel is of opinion that the stallions employed for breeding should not exceed 13h. 2in. in height.

11. *Suggestions of the Inspector General, Civil Veterinary Department, regarding the improvement of Pony breeding in Mysore.*—The latter officer was further of opinion that the 6 pony stallions at present employed in Mysore were not of the best breed, and suggested in January 1895 that the pony breeding operations in Mysore might be started on an improved system as a tentative measure in one district, viz., Mysore, promising his assistance in the purchase of really good shaped, high caste Arabs and recommending the employment of a Veterinary Assistant for the purpose of castrating the ill-shaped indigenous *iats*.

12. *Steps taken thereon by the Mysore Government.*—With reference to these suggestions, the Government of Mysore called for an expression of the views of Mr. Ricketts, late Inspector General of Forests, who entirely concurring in the opinion of the Inspector General, Civil Veterinary Department, recommended that advantage might be taken of the obliging offer of that officer. The Government viewed these recommendations favorably and requested Mr. Ricketts to submit for their approval a draft of the scheme he would propose asking him at the same time "to select the best of the two or three active young men in the Province who "passed well in the Veterinary Science and report the result for the orders of Government." In compliance with this request, Mr. Ricketts in consultation with Veterinary Lieutenant Colonel A. E. Queripel, submitted with his letter No. 650—86 of the 11th September 1895 a draft scheme, one of the proposals therein being the purchase of two good stallions for the Mysore District, costing about Rs. 800 each. Mr. Ricketts suggested that it might be preferable, if instead of young men, who, although they had passed in Veterinary Science, he held to possess only a smattering of Veterinary knowledge, an experienced man such as Mr. Royal of the Palace stables or Mr. N. Narasimha Iyengar of the Silledar Regiment at Mysore were employed as Veterinary Assistant. Further, upon the suggestion of Mr. Wetherall, the following recommendations were made by the late Inspector,

General of Forests in his letter No. 868-94, dated 27th September 1895 as part of the proposed scheme, viz :—

- (i) that the stabling or part thereof and the grazing ground attached to Wellington Lodge at Mysore be appropriated for breeding purposes ;
- (ii) that a Daffadar on Rs. 20 be entertained to look after the stallions, &c.;
- (iii) that a Munshi on Rs. 35 be entertained for making out certificates of service and attending to correspondence and accounts connected with the breeding and castrating operations.

Government not having as yet passed any orders on the above proposals the Conservator of Forests in his No. 2533—239 of the 10th February 1896 solicited the favor of early orders on the subject.

13. *Expenditure.*—The following tabular statement exhibits as nearly as can be ascertained the cost of the feed and keep of the Government stallions which, up to March 1889 was met from funds allotted for the Kunigal Stud Farm and from April 1889 from the Agricultural Budget. As information for certain months in 1889 and 1890 in the case of some of the stallions was not available from the records transferred to this office, averages have been taken for those months; also, in some districts there were two or three stallions during certain periods, for which the officers in charge submitted consolidated bills. In these cases charges for each stallion have been distributed proportionately :—

Name of Stallion.	1889-90 April to March.	1890-91 April to March.	1891-92 April to June.	1892-93 July to June.	1893-94 July to June.	1894-95 July to June.	1895-96 July to June.	Total.	Remarks.
Kilwarlie ...	Rs. 251	Rs. 274	Rs. 285	Rs. 247	Rs. 205	Rs. 215	Rs. 227	Rs. 1,714

The figures entered under column "1895-96" do not represent the total cost incurred for the whole year, but only what was incurred up to May 1-96 in the Bangalore and Tankur Districts, up to April in Kolar, up to March in Chitaldrug and up to October in Mysore.

The average cost of maintaining a stallion has been Rs. 22 per month; and the gross expenditure so far as accounts are available incurred on account of this experiment including purchases has amounted to Rs. 18,290 or in round figures to Rs. 19,000 up to date.

(8) Letter No. 600 dated 15th January 1898 from the Military Assistant to the Government of Mysore.

With reference to your letter No. 5622—78-94, the enclosures to which are herewith returned, I annex a memo as requested, giving my opinion on the methods to be adopted for improving the local breed of ponies in Mysore.

MEMORANDUM.

Pony breeding in Mysore for improvement of local breed.

OPINION AS REQUESTED.

District to be selected.—I think the proposal to commence the experiment on one district alone is sound.

I fancy that the Northorn districts towards the Mahratta country would probably furnish the best mares.

But in India official interest is so very necessary to success that I think it is wise to select Mysore as the district for experiment. Both because it is constantly visited by the higher officials of the State and because it is the Head-quarter of Mr. Wetherall, who has shown so keen an interest in pony breeding.

Elimination of local bred Stallions.—The first step towards improving the local breed of pony is (as shown in the correspondence) the elimination of the bad home-bred stallions.

Methods.—For the castration of these animals, I would appoint 3 or 4 operators and arrange that every village in the selected district, should be visited.

I would assist and encourage their efforts at the outset, by

(a) giving a reward of one rupee to the owner of every pony brought up for castration,

(b) by issuing a circular to say Government contemplates taxing stallions,

(c) by paying the operator in proportion to his work on certificates given by the district officials (one month after the operation has been completed) that the operation has been successful,

(d) by compensation for the loss of any animal attributable directly to castration,

(e) by fining the operator the fee for 5 successful operations for one failure (i. e. death under d.)

Possible reasons for low percentage of present rate of Births.—I note that the percentage of births to mares (shown in the file) for the pony stallions is very low, and I would advise that the stallions should be kept in hard condition. This can be done if they are made to tour constantly round the district.

State of present Stallions.—I cannot say without seeing the present stallions whether they are useless or merely in a bad state of health.

More Stallions necessary later on.—If the castration operations are successful, it may be necessary to supply more than 3 stallions.

To be got from the Turf.—I would accept Mr. Queripel's suggestion of purchasing broken down racing ponies, as this is the only way of getting animals of good blood and shape, cheap.

Regarding paddock for covering at Wellington House.—At Kunigal, we have a "teaser" and a wall erected in a corner of a paddock for ascertaining whether a mare is in season or not. It would be easy to have an arrangement of this sort in Wellington House compound.

Extra Veterinary Establishment not necessary.—I do not think any Veterinary officer is required for so small an establishment. The stallions when ill, could be treated at Mysore by Mr. Royle, or Mr. Narasimha Iyengar, and the covering of the mares is a simple matter of routine to which the man in charge of the stallion would soon become accustomed. The man in charge of a stallion might receive a present for all stock got by him, which would make him careful to see the mare was in proper condition.

Shows approved of.—As regards Shows, they cost very little and will enable Government to see whether the stock are improving. But if all inferior stallions are removed, the improvement of the local produce is merely a question of time.

Class of Stallions.—I am in favor of the 13 hands 2 inches Arab pony for use as a general sire for the first generation; (though some may prefer the Kunigal as having a strain of larger blood in it); later on a larger animal would be necessary.

No. 1050-53—R. F. 78-94, DATED BANGALORE, 8TH AUGUST 1898.

ORDER THEREON.—Government observe that the unsatisfactory results of past experiments for improving the local breed of horses are chiefly attributable to:—

- (1) Want of method and systematic treatment of the subject.
- (2) Want of proper precautions to ensure covering the mares at the right time.
- (3) Faulty Government stallions.
- (4) The presence of innumerable inferior stallions owing to non-castration of the local stock.

To avoid these chief errors, Government consider it necessary that these operations (*i. e.* pony breeding and castration of ill-bred ponies) should be carried on under the superintendence of a Committee, consisting of the Conservator of Forests as President, the Military Assistant, the Deputy Commissioner of Mysore and Mr. Rowring as members, any other native gentlemen who have already shown interest in the work, being invited to serve on the Committee.

2. For the purpose of carrying on the breeding operations, which should first be started in the Mysore District, Government are pleased to sanction the purchase, through the agency of the Inspector General, Civil Veterinary Department, of 3 new Arab stallions (height 13 hands 2 inches) at an average cost of Rs. 800 per head, and an expenditure of Rs. 500 per annum for making suitable arrangements for covering mares in the Wellington House compound at Mysore. One of the 3 stallions should ordinarily remain in the District Head-quarters, and the other two should be made to tour round the district. The stallions, when ill, should be sent for treatment to the sick lines of the Mysore Cavalry at Mysore.

3. Sanction is also accorded to the entertainment of a Munshi and a Daffadar on Rs. 20 each per mensem, as proposed by the Conservator of Forests.

4. The present unserviceable stallions should be sent to Kunigal to be reported on by the Military Assistant.

5. As regards the castration of the existing ill-bred ponies, Government agree with the Military Assistant, and accordingly sanction the employment of 4 operators for castrating purposes, and the payment of a reward of 1 rupee to the owner of each pony castrated with success, and of a reasonable compensation, at the discretion of the Conservator of Forests, for the loss of animals by castration. The Conservator of Forests is requested to arrange all further details of work, and state whether he would propose to pay the operators a fixed monthly salary or remunerate them in proportion to the work turned out by them, and submit a detailed report showing what annual grant is required for this purpose and also for the payment of reward and compensation to the owners of ponies brought for castration.

6. Government desire that the Deputy Commissioner should render all possible assistance which lies in his power in carrying out the above operations and issue necessary instructions to the Amildars of his district.

7. The Conservator of Forests may, whenever necessary, consult the Military Assistant, who has offered to assist in any way with advice or to serve on the Committee.

8. A progress report will be submitted for the information of Government once in six months.

Docket No. 48, dated 10th July 1897, from the Deputy Commissioner, Bangalore.
Letter No. 63—59, dated 19th July 1897, from the Deputy Commissioner, Chitaldrug.
Letter No. 212, dated 10th August 1897, from the Deputy Commissioner, Mysore.
Correspondence ending with docket No. 424—335, dated 28th September 1897, from the Deputy Commissioner, Hassan.
Correspondence ending with letter No. 15, dated 16th July 1898, from the Government Advocate.

No. 1157-65—R. 488, DATED BANGALORE, 11TH AUGUST 1898.

ORDER THEREON.—On a perusal of the correspondence read above, Government observe that in the Kolar, Tumkur and Kadur Districts, Darkhasts of the nature in question are totally exempted from the payment of any fee and that in the Districts of Bangalore, Mysore and Hassan, a Court fee stamp of eight annas or sometimes one anna is demanded only in some of the taluks. It is only in the Shimoga District that a fee of eight annas is levied on every such application without exception.

2. Both the Deputy Commissioner of Shimoga and the Government Advocate are of opinion that the applications in question fall under clause (b), Article I, Schedule II of the Court Fees Act No. VII of 1870 and are thus subject to the payment of a fee of eight annas.

3. Having given the subject their best consideration, Government have come to the conclusion that such Darkhasts or applications should be exempt from payment of any fee. A Notification will accordingly be published in the Mysore Gazette.

READ—

The Report on Meteorology in Mysore for 1897, submitted by the Director of Meteorology with his letter No. 25, dated 18th July 1898.

No. 1312-20—R. F. 56-97, DATED BANGALORE, 17TH AUGUST 1898.

ORDER THEREON.—Government have read with interest the Report on Meteorology submitted by the Director and observe that this being the 5th year after the establishment of Observatories at Bangalore, Mysore, Hassan and Chitaldrug, the Director has been enabled to review the results of the observations in a systematic manner, as compared with the average of the past 5 years, which period is sufficient to give fair approximations to the means of the weather elements.

2. The principal Meteorological features of the year under different headings were as follows :—

Atmospheric Pressure.—In the year 1897, the month of greatest mean pressure was January, while normally it is December, and that of the least mean pressure was June, which is normal. But even in June the atmospheric pressure did not fall so low as it normally does, and the rise of pressure in January was also much greater than usual. Thus the year 1897 was barometrically an abnormal year. The daily range of pressure, which was least in July and greatest in March, was on the whole slightly above the quinquennial average at all the four stations.

Temperature.—The temperature for the whole year was 1° above the average of the last 5 years. The hottest month during the year was April, but the greatest rise of temperature above the quinquennial average was during February and May.

Rain.—The average rainfall for the whole year was 37.52 inches, which is in excess of the quinquennial average by 4.84 inches; but the number of rainy days was 4 less than the average for the past 5 years, which is 106. The month of the greatest rainfall was September for all the stations except Mysore, for which it was October. The rainfall (19.83 inches) at Bangalore in September was the greatest monthly fall there for the past 16 years, the nearest to it being a fall of 19.50 inches in September 1858. The greatest rainfall on any one day was registered in Hassan on the 22nd August, the quantity gauged being 4.22 inches.

Monsoons.—Each of the North-East and South-West Monsoons was about a week later than usual in being definitely established over the State. The South-West wind current which was established only in the beginning of May, continued till the middle of October, and by the 25th October, the North-East wind current was quite established. The transition period of variable winds between the change from the North-East to the South-West Monsoon was shorter than it usually is.

3. The Weather-graphs and other tables appended to the report contain much useful and interesting information. The institution continues to be under the successful management of Mr. J. Cook, M. A., F. R. S. E., F. M. C.

4. The report will, as proposed by the Director, be published and copies distributed as usual.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. and Rev. Depts.

To—The Director of Meteorology in Mysore, with a request that 25 copies of the report may be supplied to this office.

The Deputy Commissioners of Districts.

3. The Deputy Commissioners are again requested to submit the special report called for in para 6 of Government Proceedings No. 6678-85—R. F. 47-97 dated the 20th January 1898.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.

READ AGAIN—

Government Proceedings No. 6161-71—R. F. 122-93, dated 10th January 1898, pointing out the extent to which returns were due from the Deputy Commissioners in the matter of certain statistics of revenue derived from certain specified Major Irrigation Works of the Mysore State since the Rendition in 1881.

No. 1332-9—R. F. 122-93, DATED BANGALORE, 18TH AUGUST 1898.

ORDER THEREON.—Since the Proceedings above read some returns have been received and dealt with in due course. The following statement shows the extent of the progress made since January last:—

District.	Balance of returns due on the 18th January 1898.		Returns since received and accepted.		Balance still due		Remarks.
	Canals	Tanks.	Canals.	Tanks.	Canals.	Tanks.	
Bangalore	...	97	...	...	...	97	
Kolar	3	135	...	6	3	129	* That is to say 600 as appears in the Government Proceedings No. 6161-71—R. F. 122-93, dated 10th January 1898. Two works were counted in Tumkur and Chitaldrug Districts respectively.
Tumkur	...	137	...	89	...	48	
Mysore	23	72	8	33	15	39	
Hassan	12	38	4	11	8	27	
Shimoga	...	38	...	10	...	28	
Kadur	...	2	...	...	...	2	
Chitaldrug	...	41	...	23	...	18	
Total	38	560	12	177	26	383	
		598		189		409	

It will be apparent from the above statement that there is no improvement to note in the Bangalore District, and but little progress made in the Kolar District.

The following letters from the Deputy Commissioners of Districts on the subject of allotments for advances to be made under the Land Improvement Loans Regulation IV of 1890, and the Rules framed thereunder, during the year 1898-99.—

No. 71, dated 14th July 1898 from the Deputy Commissioner,	Bangalore District
" 95—26, dated 2nd July 1898	Do Kolar District
" 1121, dated 27th July 1898	Do Tumkur District
" 71, dated 21st July 1898	Do Mysore District
" 1316, dated 30th June 1898	Do Hassan District
" 1478—1214, dated 29th June 1898	Do Shimoga District
" 834, dated 29th June 1898	Do Kadur District
" 51—46, dated 12th July 1898	Do Chitaldrug District

No. 1409-18—R. F. 5-98, DATED BANGALORE, 22ND AUGUST 1898.

ORDER THEREON.—The Comptroller to the Government of Mysore is requested to place the following sums at the disposal of the Deputy Commissioners for advances to be made under the Land Improvement Loans Regulation IV of 1890 and the Rules framed thereunder during the current year 1898-99:—

	Rs.
For the Bangalore District	3,000
" Kolar District	1,000
" Tumkur District	4,000
" Mysore District	5,000
" Hassan District	3,000
" Shimoga District	2,000
" Kadur District	3,000
" Chitaldrug District	5,000
Total Rs.	26,000

2. The Deputy Commissioners are requested to submit, as usual, monthly reports in the form prescribed in Government Proceedings No. 8308-406—R. F. 211-92 dated 15th December 1892, showing the amounts advanced in each case, the expenditure up to date, and the balance available for future advances.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Comptroller, Mysore Government.
The Deputy Commissioners of Districts.
The Inspector of Agricultural Banks in Mysore.

READ THE FOLLOWING :—

Letter No. 872, dated 3rd May 1898, from the Inspector General of Registration in Mysore.

I have the honor to state that when, owing to urgent necessity or unavoidable accident a document is not presented for registration within four months from the date of its execution, or when the executant fails to appear before the Sub-Registrar to admit execution within the aforesaid period, an application has to be made to the District Registrar, under Sections 24 and 34 of the Registration Act, by the party concerned, for an order directing the registration of the document on payment of a prescribed penalty. Such applications are lodged, under the provisions of the Act, with the Sub-Registrar for transmission to the District Registrar.

2. Now the District Registrar of Tumkur has applied to this office for instructions as to the proper Court Fee Stamps required for such applications, reporting at the same time that, in his District, they are now received on a stamp of only one anna. But he thinks that they should bear a Court Fee Stamp of 8 annas, as per Article I, clause (b) of Schedule II of the Court Fees Act. In view to ascertain the practice obtaining in the other Districts, I addressed the other District Registrars on the matter and from their replies I find that there is no uniformity of practice in this respect in the several Districts. While such applications are admitted on a Court Fee Stamp of only one anna in the Districts of Bangalore, Mysore, Hassan and Shimoga, they are received on a stamp of 8 annas in the other Districts.

3. I am of opinion that Article I, clause (b) of Schedule II of the Court Fees Act, relied upon by the District Registrar of Tumkur has no application to the present case, and that no stamp of any kind is needed for the applications in question. The practice in the Madras Presidency is to receive such applications only on plain paper. But as this is a question affecting the Stamp Revenue of the State, I request the favor of a definite ruling from the Government on the subject.

Letter No. 206, dated the 29th June 1898, from the Government Advocate in Mysore.

In reply to your letter No. 15865—J. 1599, dated 4th instant, I am of opinion that the application need not be stamped and it may be on plain paper as there is no provision in the Court Fees Act No. VII of 1870 for such applications. The enclosures of the letter under reference is herewith returned.

No. 1443-53—R. 575, DATED BANGALORE, 23RD AUGUST 1898.

ORDER THEREON.—The Government agree in the view that applications under Sections 24 and 34 of the Registration Act, which may be preferred to a Sub-Registrar for the purpose of being forwarded to the Registrar, are not required to be stamped by the Court Fees Act now in force.

FINANCIAL

Proceedings of the Government of Mysore. Financial, dated 19th August 1898.

Read—

Letter No. 3858, dated the 13th June 1898, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, recommending that Rule 19 of the Rules relating to the Mysore State Life Insurance, may be so amended as to enable the Civil Surgeon of Bangalore, whose post was not in existence when the said Rule was framed, to examine proposers and dispose of their proposals himself.

Letter No. 293, dated the 8th August 1898, from the Secretary to the Mysore State Life Insurance Committee, submitting the opinion of the Committee agreeing to the proposed amendment.

No. 1368-9—Fl. 145, DATED BANGALORE, 19TH AUGUST 1898.

ORDER THEREON.—The Government are pleased to direct that the second sentence of Rule 19 of the Insurance Rules commencing with the words “as regards” and ending with “or Chikmagalur” be omitted. The Rule as above altered will stand as follows:—

19. Such Medical officer shall be the District Medical officer of the Government not below the rank of an Assistant Surgeon, provided that when the pay drawn by the proposer is not less than Rs. 250, the Medical officer shall not be below the rank of a Civil Surgeon.

A Notification will accordingly issue as below.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Secretary to the Insurance Committee.

The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

NOTIFICATION.

No. 1370—Fl. 146, DATED BANGALORE, 19TH AUGUST 1898.

The Government are pleased to direct that the second sentence of Rule 19 of the Insurance Rules commencing with the words “as regards” and ending with “or Chikmagalur” be omitted. The Rule as above altered will stand as follows:—

19. Such Medical officer shall be the District Medical officer of the Government not below the rank of an Assistant Surgeon, provided that when the pay drawn by the proposer is not less than Rs. 250, the Medical officer shall not be below the rank of a Civil Surgeon.

By Order.

Letter No. 561—36, dated the 5th August 1898, from the Conservator of Forests in Mysore submitting for approval and publication, a draft Notification defining the boundaries of the Shimoga and Shikarpur Revenue Plantations in the Shimoga district which are proposed to be treated as State Forests.

No. 1351—FT. F. 36-95, DATED BANGALORE, 18TH AUGUST 1898.

ORDER THEREON.—Under the circumstances explained in the District Forest Officer's letter No. 20, dated 15th July 1898, a copy of which the Conservator has submitted with the letter read above, the Government are pleased to direct the publication of a Notification as hereunder, declaring the plantations referred to as State Forests.

C. SREENIVASIENGAR,
Secy. to Govt. Gen., & Rev. Depts.

To—The Conservator of Forests, in Mysore.

NOTIFICATION.

No. 1352—FT. F. 36-95, DATED BANGALORE, 18TH AUGUST 1898.

Under the provisions of Section 9 of the Forest Rules of 1878, the Government of Mysore are pleased to declare that the undermentioned reserves in the

Shimoga District shall be classed as State Forests under Rule 1 of the aforesaid Rules.

No	Name of Plantation.	Area.		Boundaries.
		A.	G.	
1	Shimoga Revenue Plantation, Tavara Chitnahalli village, Shimoga taluk.	49	18	On the North.—Shimoga-Honnali road and Survey No. 35. On the East.—Survey No. 23 On the South.—Survey No. 31 and portion of Survey No. 32 and a water-course. On the West.—A portion of Survey No. 36 and a water-course.
2	Shikarpur Revenue Plantation, Bhadrapur village, Shikarpur taluk.	43	33	On the East.—Survey Nos. 29, 30 and 89. On the North, South and West.—Survey No. 31 (Gomal land).

Correspondence ending with letter No. 3567—206, dated the 25th January 1898, from the Conservator of Forests in Mysore, submitting for approval a draft of Rules to regulate the transit of timber and other forest produce.

Also, correspondence ending with letter No. 4184—252, dated 10th March 1898, from the same officer, on the subject of the rights of occupants and inamdars in respect of the removal of trees, wood, timber, &c., grown on their own lands.

No. 1505—Ft. F. 26-95, DATED BANGALORE, 25TH AUGUST 1898.

ORDER THEREON.—In going through the draft Rules submitted by the Conservator, it has appeared to Government that the transit of sandalwood might with advantage be dealt with separately from that of timber and other forest produce as in the Madras Presidency. What the rights are of occupants and inamdars in respect of the removal of fuel and minor forest produce grown on their lands and required for their own use or domestic consumption, and how far restrictions may be imposed under the existing law on the transit of these articles without interfering with the rights heretofore exercised, are questions that present some difficulty.

2. A distinct provision as in the Dharwar Transit Rules dispensing with passes in the case of timber, &c., removed within the limits of the village in which it was produced, seems desirable.

3. Rule 7 requires that timber and other forest produce in transit must be stored only in regularly authorised Depôts; but there is no provision for allowing such timber or produce being stacked or deposited in any place other than the Depôt when it is found impracticable to store it in a Depôt for want of accommodation or other causes.

4. As the permit in form II is to be in triplicate, and as the duplicate will be invariably furnished to the Forest or Revenue officer concerned, the proposed extension from 6 to 12 months of the period within which production of the counterfoil can be insisted upon seems unnecessary.

5. Under Section 39 of the Forest Rules of 1878, a system of registration of marks does not seem essential for any other articles than timber, wood and bamboos. It cannot well be insisted on in the case of most of the articles included under "Other forest products" as they would not be capable of being easily marked, unless they are always securely packed in cases or bags instead of being carried open or loose in carts as is generally the case. At the same time, the proposal to make the system compulsory instead of optional, as is the case in Madras, except in the case of sandalwood, would, if accepted, probably interfere unduly with trade.

6. The further consideration of the Rules in so far as they relate to the transit of timber and forest produce will therefore be deferred pending the passing of the Revised Forest Regulation submitted with Colonel Campbell Walker's letter No. 4308—264, dated 19th March last. There is however, as already observed, no objection to the issue of the Rules proposed to be prescribed for the protection of the Mysore Government sandalwood and the Conservator of Forests is accordingly requested to be so good as to submit a separate draft for the purpose.

C. SREENIVASIENGAR, Secy. to Govt., Gen. and Rev. Depts.

To—The Conservator of Forests in Mysore.

READ —

The following letter No. 163—10 dated the 9th July 1898, from the Conservator of Forests in Mysore.

I have the honor to report that the Maddagiri State Forest in the Tumkur District consists of three blocks, viz., (1) Maddagiri State Forest Proper (2) Chicka Maddagiri and (3) Kolikal block. Originally the Forest comprised only the first two blocks, the boundaries of which were notified by Government under Notification No. 38 of 6th February 1883, but the area was not given. In the Annual Returns, however, the area of the two blocks is being shown as 30 square miles. The 3rd or Kolikal block with an area of 1 square mile and 568 acres was added to the reserved area in 1894-95 (*vide* Government Notification No. 42, dated 31st October 1895).

2. During my tour of inspection in the Tumkur District in February 1896, I was informed, on enquiry, that the settlement records were not forthcoming and further surprised to hear that the forest or portions of it were encumbered with recognized privileges of grazing cattle belonging to neighbouring villagers throughout the year. In view to enable us to extinguish or at least regulate the grazing privileges which are inimical to proper forest treatment, and to close portions of the forest as required, it was necessary to have the settlement revised and recorded in proper form, I requested the Deputy Commissioner in July 1896, to have the needful done in the matter.

3. As the Kolikal block is not encumbered with any grazing or other privileges and as there is a record of settlement of it, the enquiry has been restricted to the other two blocks. With the revised settlement record the Deputy Commissioner has forwarded a memo of the District Forest Officer explaining that there is no data to show how the area of the two blocks originally reserved

	Sq. m.	A.	S.
Maddagiri State Forest Proper	11	238	30
Chicka Maddagiri Forest block	..	435	20
	15	22	10

was reported to be 30 square miles and that the actual area as now ascertained is only 15* square miles and 22 acres and reporting in regard to the foundation and growth of grazing concessions

allowed in those blocks with suggestions for the future.

4. I solicit the special attention of Government to this matter which shows how small temporary concessions may, in the absence of proper control, be extended and come to be regarded as rights which would be absolutely destructive of the forest.

I refer to the subject generally in my notes, dated 22nd April and 30th June 1896 respectively (*vide* Proceedings No. 1353—Ft. F. 12-95 of 4th August 1895). Reference to it will also be found in a letter from the Chief Commissioner to the Government of India No. 890—10 of 6th April 1876 (Forest Manual pages 105—109) in which it is stated that "Grazing has been permitted as a favor in some of them (State Forests)" and the trifling privileges noted below conceded in regard to two. One of these two is the Maddagiri State Forest Proper under consideration and the foot note is to the following effect:—"Grazing allowed in certain places fixed by Forest Department and the right of collecting leaves and small branches for manure." Twenty-two years afterwards we find this concession has developed into a claim as of right to graze cattle everywhere throughout the year, which, until I took the matter in hand, was virtually being admitted by the District Officers so much so that from expediency it seems better to concede it as a privilege subject to regulation and restriction.

5. I beg to submit the marginally noted papers and suggest that in passing orders on the revised settlement and notifying the boundaries of the two blocks under reference, Government may be pleased to ratify my instructions to the Deputy Commissioner in regard to grazing privileges communicated in

- (1) Copy of District Forest Officer's memo dated 4th May 1898.
- (2) Settlement record (to be kindly returned).
- (3) Alienation and exchange statements of gomal, etc., lands
- (4) Boundary statements (English and Kanarese).
- (5) Sketch of the Maddagiri State Forest (to be kindly returned)

my letter No. 5091—211, of 25th May last (copy enclosed) and accord their formal sanction to the alienation of the gomal and assessed lands included in the reserved area and to certain lands proposed to be assigned as gomal in exchange for those taken up as forest.

6. The Deputy Commissioner states in his letter submitting the revised settlement that any attempt to specify the existing cart-tracks and foot paths would involve a regular enquiry and measurement on the spot and has not been usual. I have pointed out to him that it is

essential in order that we may know which may be closed when required without the provision of any substitute and that it is done elsewhere and can easily be done by the Range Officer, Amildar and District Forest Officer on the spot, any doubtful points being decided by him. Meanwhile I have inserted the foot note in draft notification to effect that admitted rights-of-way will be notified hereafter which will, I trust, meet with the approval of Government.

Tumkur District Forest Officer's memo dated 4th May 1898.

With reference to the Conservator's No. 4564-189, of the 13th-14th ultimo calling for the submission of a memo regarding the difference in the area of the Maddagiri State Forest and other points, the undersigned begs to state as follows:—

- (1) The area of the Maddagiri State Forest including the Kolikal and Chicka Maddagiri State Forest, hitherto shown in the accounts is $31\frac{1}{2}$ square miles but it is not known how this area was originally arrived at. In the list of State Forests (herein enclosed) prepared on the 1st December 1881 that bears the signature of Mr. Subba Rao, the then Deputy Commissioner, the area of the Maddagiri State Forest has been put down as 26 square miles. In the Remark column of the list it is stated that a small Forest tract about two square miles is added to the Forest. Therefore the total area of the Maddagiri State Forest 1881-82 probably including the Chicka Maddagiri block and of course excluding the Kolikal block reserved very recently, should have been roughly estimated as 28 square miles. With the exception of this list there is no other record in the office that throws light on the subject and the undersigned is therefore unable to satisfactorily account for the difference alluded in the Conservator's letter under reply.

- (2) As the revision of the settlement has been concluded and the correct settlement register has been prepared showing all the Survey numbers that go to form the Maddagiri and Chicka Maddagiri State Forests there can be no doubt that the following is the correct area of the State Forest, that should be hereafter shown in the accounts:—

(1) The area of the Maddagiri State Forest as per revised settlement register and alienation statement hereto attached.	Sq. m.	Ac.	g.
	14	228	30
(2) Ditto Chicka Maddagiri block. do	...	433	20
(3) Ditto of the Kolikal block as notified by the Government at page 508 of the Gazette No. 42 dated 31st October 1895	...	1	568 10
Total	...	16	590 20

The exclusion of certain areas proposed to be added in 1889 is only a trifle and therefore does not call for any explanation.

- (3) The Survey No. 18 of Marinaikanahalli and Nos. 63 and 64 of Dogganahalli are Kharab lands and are shown as such in the alienation statement. In this statement the column containing the entry "Gomal" and "Kharab" is under the heading "As per village accounts," and not under the heading "Particulars of grant."

- (4) With regard to the privilege of cattle grazing in the State Forest during all the seasons of the year, the Conservator's attention is humbly invited to the Deputy Commissioner's No. 162 of the 25th-27th October 1887 and the Inspector General's No. 1369-93, dated 17th August 1888. These two references show that cattle grazing all the year round was permitted for only one year with certain restriction as an experimental measure. But the matter seems to have been dropped afterwards since the subject was not taken up during the following year for the final settlement of the privilege.

- (5) During the year 1887, the following villages were favored with the privilege of grazing all the year round in the Maddagiri State Forest. (1) Kavandal, (2) Pigarchalli, (3) Chikthimmanahalli, (4) Sibinikanjalya, (5) Jogipalya and (6) Kanithimmanahalli. Gradually the same privilege appears to have been extended to the other neighbouring villages so such so that all the villages in the neighbourhood of the State Forest are now claiming the same as a matter of right. The question now to be decided is whether the same privilege should now be continued or not. Owing to the concession bestowed on the villagers their goodwill has been secured and the help of the neighbouring villages at the time of danger may now be secured at a moment's notice. The only disadvantage is that on account of heavy grazing during all the seasons of the year the natural reproduction is very much retarded. If the privilege is now suddenly withdrawn seeing that the revision of the settlement has fully satisfied the requirements of the villagers, the numerous friends in the neighbourhood of the State Forest may become enemies and render the successful forest protection impossible. Therefore the undersigned begs to propose that the privilege may be continued with the following restrictions:—

- (1) That the raiyats favored with privilege should hold themselves responsible for the successful fire protection of the State Forest.

- (2) That they should not graze in the area brought under artificial or natural reproduction work.
- (3) That in the event of any fires due to their negligence the privilege may be withdrawn.
- (6) The Chicka Maddagiri block is not hampered with any privilege.
- (7) The settlement register, three sketches, alienation and exchange statements, boundary statement and the list of State Forests alluded to in para 1 are herein enclosed for ready reference.

Letter No. 5091—211, dated 23rd—25th May 1898, from the Conservator of Forests in Mysore to the Deputy Commissioner, Tumkur District.

Referring to your No. 1696 of 12th instant, forwarding a memo by the District Officer on the re-settlement of Maddagiri State Forest, I have the honor to inform you that the matter seems now in order and Government will be requested to notify the revised boundaries at an early date.

2. With regard to the grazing privileges referred to in District Forest Officer's Memo paras 4 and 5 it is a matter for regret that they were extended to other villages than those originally affected and allowed to continue throughout the year at the nominal fee of 2 annas per head, the result being over-grazing, detrimental not only to the forest growth but the grass and soil. For the reasons given by Mr. Venkataswappa, however, I think it would not be expedient to withdraw the concession suddenly and that it is in all respects preferable to endeavour to regulate and restrict it gradually.

3. With this object, I would recommend that whilst emphasizing the fact that it is privilege not a right and may be withdrawn at any time the conditions suggested by the District Forest Officer may be embodied in a Muchalika to be signed by the heads of all the villages concerned before the Amildar and District Forest Officer as your representative in continuation of the Muchalika of 1888 (submitted to the late Inspector General with your predecessor's No. 214 of 3rd August and returned by Mr. Ricketts with his No. 1369--93 of 17th August 1888) to which reference should be made.

4. In the District Forest Officer's condition (2) the words "or natural" should be inserted after "artificial" to provide for the closing of areas subjected to improvement felling and other operations in aid of natural reproduction and improvement of the growing stock.

5. I observe that in the Muchalika of 1888 the villagers agreed to fence such areas when required to prevent cattle trespass and to a fine of Rs. 50 for any breach of the conditions. Those conditions should not be lost sight of, but the main lever must be self-interest in the shape of forfeiture of the grazing privileges either temporarily or permanently in the event of any damage being caused or conditions violated.

6. With regard to the regulation of the grazing, I would advise that the Range Officer and District Forest Officer should each year decide on the areas to be closed which should never exceed $\frac{1}{3}$ of the whole and then fix the number of cattle to be grazed on the basis of three acres per head. It should really be five in such circumstances as prevail in Maddagiri but let us commence with three. It may be left to the villagers themselves to apportion the numbers to make up the aggregate and if the number which may be grazed calculated on the three acres per head basis is in excess of their requirements, outside cattle may be admitted during a portion of the year on payment of an enhanced fee and subject to the same conditions and penalties as the privileged village. In this manner, I am in hopes that the people may, by degrees, appreciate the advantages of living near a State Forest and co-operate willingly in its protection against outsiders.

No. 1659-60—Ft. F. 38-95, DATED BANGALORE, 31st AUGUST 1898. .

ORDER THEREON.—In the above letter, the Conservator brings to notice that, during his tour of inspection in the Tumkur District in February 1896, he learnt that the Maddagiri State Forest was encumbered with certain privileges in regard to the grazing of cattle belonging to neighbouring villages, he called for the settlement records which, however, were not forthcoming and that therefore, in order to regulate the grazing privileges, &c., he requested the Deputy Commissioner to have the settlement revised and recorded in proper form as regards the Maddagiri State Forest Proper and Chicka Maddagiri, there being no such privileges enjoyed in the Kolikal block.

2. From the papers now received, it appears that the actual area of the two blocks above referred to is only 15 square miles, 22 acres and 10 guntas, while 30 square miles were being shown in the accounts hitherto and that there is no difference in area as regards Kolikal block. As the original settlement record, are not forthcoming, the District Forest Officer is unable to account for the difference satisfactorily. As however the settlement has now been carefully revised and a correct register, showing the particulars of all the survey numbers, has been prepared, the present area of the Forest consisting of three blocks as shown below will be accepted as correct and the accompanying notification defining the boundaries thereof published in the *Gazette* for general information:—

				Sq. m.	Ac.	g.
Maddagiri block	...	...	...	14	228	30
Chieku Maddagiri block	...	...	...	0	433	20
Kolikal do	...	...	...	1	568	10
Total	...	...	...	16	590	20

3. The alienation of the lands as per statement appended is sanctioned, the assessment on the marginally noted numbers aggregating Rs. 134-3-3 being written off the accounts.	
<i>Maddagiri Taluk</i>	Rs. a. p.
<i>Kammunakote</i>	
Nos. 45, 46, 47, 48, 49, 50, 59, 60, 61 and 62	69 8 0
<i>Hosahalli</i>	
Nos. 22, 23, 24, 25, 27, 28, 30, 32 and 33	37 12 0

Forest, dated 31st August 1898.

NOTIFICATION.

No. 1661—Ft. F. 38-95, dated 31st August 1898.

Under the provisions of Section 9 of the Forest Rules of 1878, the Government of Mysore are pleased to notify the following revised boundaries of the Maddagiri and Chicka Maddagiri blocks of the Maddagiri State Forest in the Maddagiri Taluk of the Tumkur District, in supersession of those described in Government Notification No. 38, dated 6th February 1883 :—

Name of Forest.	Approximate area.	Boundaries.
Maddagiri State Forest, (Block 1, Maddagiri.)	14 square miles and 228 acres.	<i>On the North.</i>—A cleared standard demarcation line of 66 feet wide from the bhauds of Survey No. 10, of Thimma-lapur village and Survey No. 8, of Sujjal-mahalli to the gadi bhauds of Survey No. 17 of Taigomahalli and Survey No. 31, of Hosahalli. <i>On the East.</i>—A cleared standard line of 66 feet wide from the last named point to the bhauds of Survey No. 48, of Dogganahalli and Survey No. 20, of Kamatanahalli. <i>On the South.</i>—A cleared standard line of 66 feet wide from the last mentioned point to the village boundary line between the Survey No. 56, of Marimakanahalli and Survey Nos. 3 and 4 of Kanve Hosahalli. <i>On the West.</i>—From last given point to the starting point.
Chicka Maddagiri, Block 2.	135½ acrts.	<i>On the North.</i>—A cleared demarcation line of 66 feet wide from the 2nd mile stone to the fourth furlong stone of the 3rd mile stone. <i>On the East.</i>—A cleared demarcation line of 66 feet wide from the last named point to the 2nd furlong stone of the fourth mile stone. <i>On the South.</i>—A cleared demarcation line of 66 feet wide from the last named point to the fourth furlong stone of the first mile stone. <i>On the West.</i>—A cleared demarcation line of 66 feet wide from the last named point to the starting point. <i>N. B.</i> 1. The following privilege is recognised to be exercised in the Maddagiri State Forest Proper (Block 1) by the Kamankote people. Water way to the well at a distance of three furlongs and 103 yards from and to a katti at a distance of six furlongs and 116 yards from the demarcation line on the side of Kamankote. Cairns are erected to mark the furlongs and have been numbered. 2. Admitted rights-of-way whether cart-tracks or foot-paths will be notified hereafter.

MUZRAI.

Proceedings of the Government of Mysore,

AD—

Petition No. 376, dated 30th July 1897, from Chennabasava Devana and Gurabasava varu, Aiyas of the Chikka Matt and Doddha Matt at Kundur in Malvalli taluk, praying for restoration of the Matts' Inam lands resumed at the Inam Settlement.

Letter No. 178, dated 4th March 1898, from the Deputy Commissioner, Mysore District, acting on the above.

AD—

Docket No. 206, dated 5th April 1898, from the Deputy Commissioner, Mysore District, submitting the Vernacular records.

No. 234, DATED BANGALORE, 10th AUGUST 1898.

ORDER THEREON.—From the papers read above it is observed that in the Sarvamanya village of Kundur in the Malvalli taluk, certain minor inams to the extent of 59 acres—8 guntas and assessed at Rs. 31-11-6* assessment according to Survey Rs. 26-4-0.

had been granted to two Jangam Matts—known as the Doddha Matt and the Chikka Matt—under a Sannad dated 10th February 1822. During the Inam enquiry in 1880, one of the Matt buildings, viz., the Chikka Matt, was found in dilapidated condition, and in consequence the inam lands assigned to both Matts were resumed because they came under one single grant. The resumed lands were then fully assessed and the assessment imposed was added on to the land payable to Government by the Sarvamanyadar for the whole village.

2. The Aiyas or Priests of these Matts have now petitioned the Government stating that the Chikka Matt has been re-constructed and praying for the restoration of the resumed inam lands.

3. From the records submitted by the Deputy Commissioner, it appears that after the resumption of the inam, the lands were registered by the Survey Department in the names of the Matts, and that for a year, the kadayam was held by the Aiyas of the Matts; but subsequently, these having gone out without arranging for the cultivation of the lands and payment of the assessment, the kadayam fell into arrears for three years and thereupon the Sarvamanyadar took possession of the lands and granted the same, in the year 1886 to certain rayats on kadayam tenure. These rayats have since been in the possession and enjoyment of the lands paying full assessment to the Sarvamanyadar and they now decline to give up the lands to the Matts representing that they have been in possession thereof for upwards of ten years, during which they have improved the lands at a large outlay and that they hold no other lands to maintain themselves with. Only the Patel of the village who cultivates a small portion of the said Matts' inam lands expresses his willingness to give up his portion because he is a disciple of the Matt. In these circumstances, the Assistant Commissioner, who held the enquiry, proposed that the Matts might be granted either a cash allowance equal in amount to the assessment imposed on the resumed Inam lands, or equivalent waste lands in the adjoining Government village. The Priests however, have declined to accept either of the proposals and request the restoration of the *very lands* resumed at the Inam Settlement.

4. The Deputy Commissioner in reporting the case for the orders of Government, remarks that it is hard to deprive the rayats of the possession of the lands which they have been holding for a long time and recommends the Matts being granted a cash allowance equal to the assessment on the resumed inam lands.

5. With reference to the above, the Government observe that they cannot interfere with the rights of the tenants holding the lands in question under the holder of the Inam village. These rights have arisen owing to the default of the Aiyas of the Matts to pay assessment to the Inamdar and they must bear the consequence of this default. As the Matts are reported now to be restored and duly maintained, the Government are willing to grant them, on the usual terms, a ready money allowance or Government waste lands of the value of the inam resumed on the ground of neglect of the institutions.

A. SREENIVASSACHARLU, *Muzrai Secretary.*

To—The Deputy Commissioner, Mysore District, (returning Vernacular records) for communication to the Petitioners by endorsement.

READ—

Docket No. 519, dated 20th September 1897, from Mr. T. Weir, Deputy Commissioner, Kadar District, recommending the recognition of Kigga Sri Sringeswara temple's right to the sandalwood grown on its Inam lands.

AND :—

Letter No. 57, dated 18th January 1898, from the Superintendent of Inam Settlement reporting his concurrence with the Deputy Commissioner's recommendation.

No. 235-8, DATED BANGALORE, 10TH AUGUST 1898.

ORDER THEREON.—As it has been clearly established that the Sri Sringeswara Swami's temple at Kigga, Koppa Taluk, is entitled to the right to the sandalwood grown on the Inam lands belonging to the temple, the Government, in compliance with the recommendation of the Deputy Commissioner concurred in by the Superintendent of Inam Settlements, hereby direct the recognition of the right of the temple to all sandalwood grown on the Inam lands confirmed to it by Government Proceedings No. 10655-7—69, dated 15th December 1891. This order does not interfere with any separate sandalwood allowance enjoyed by the temple.

The Secretary to the Government of Mysore, General and Revenue Departments, for information.

The Comptroller to the Government of Mysore.

READ—

Letter No. 764—643, dated 19th January 1897, from the Deputy Commissioner, Shimoga District, regarding the lease of a certain Inam land endowed to the Sri Chintamani Narasimha Deva temple at Harli, Thirthahalli taluk.

AND:

The following note of the Muzrai Superintendent, dated 9th August 1898—

"The temple of the Sri Chintamani Narasimha Deva in the village of Harli, in Thirthahalli taluk, is endowed with the marginally noted Inam lands. The first two of these, viz., Survey Nos. 17 and 22 of Hubli village are in the possession and enjoyment of

No.	Village	Survey No.	Area.	Assessment.	Jodi.	the marginally noted Inam lands. The first two of these, viz., Survey Nos. 17 and 22 of Hubli village are in the possession and enjoyment of
1.	Harli village	17	Wet...	2 18	2 8 0	the Archak, and the third one, viz., Survey No. 52 of Sivalli village measuring 1 acre and 37 guntas and assessed at Rs. 0-8-0 has been given away by the Archak to one Krishna Bhatta on a permanent lease in consideration of the payment of an annual rental of Rs. 0-8-0 to the temple, in addition to the payment by the lessee himself of Jodi and local cess to the amount of Rs. 0-8-6 to Government."
2.	"	22	"	13 19	38 0 0	
3	Sivalli village	52	Dry ...	1 37	0 8 0	

2. Under the terms of the lease-deed, the lessee has been assigned not only the right to the enjoyment of the land in hereditary succession but also the power of alienating the occupancy to others, and it is further stipulated that the annual rent fixed should not at any time be enhanced and the lessee should not be ejected from the land under any circumstances.

3. The local residents have now petitioned the Deputy Commissioner, stating that the above lease is prejudicial to the interests of the temple, that the transaction is not a bona fide one and that the document has been drawn up in the form of lease just to evade the law against the alienation of temple lands and that they are willing to take up the land on an annual rental of Rs. 12-0 and requesting therefore that the lease granted to Krishna Bhatta by the Archak might be declared null and void.

4. The Archak and the lessee, on the other hand, plead that the land lay waste for many years previously, that none of the residents then came forward to take it up for cultivation, and now that the land has been brought under cultivation and improved by the exertions of the lessee, the latter's possession should not be disturbed.

5. The Deputy Commissioner remarks "that the transfer seems to have been made by the Archak with a fraudulent intention and not bona fide in the interests of the temple; and evidently the land appears to have been diverted from the object for which it was originally granted;" and he now requests to know if, considering the terms of the lease-deed, as set forth above, the transaction may not be considered as an *unauthorised alienation* within the meaning of the Notification of the 17th November 1877, and be set aside in accordance with the rules there laid down.

No. 239, DATED BANGALORE, 10TH AUGUST 1898.

ORDER THEREON.—Under the circumstances reported, the lease of the Inam land amounts to unauthorised alienation within the meaning of the Notification dated 17th November 1877 issued by the late Chief Commissioner of Mysore under sanction of the Government of India; the lease should, accordingly, be cancelled and the land resumed from the lessee under Rule II B of the above Notification and restored to the temple.

2. The Archak's action in respect of the lease of the land being fraudulent, it is undesirable that the land after resumption should be restored to his possession. Other arrangements should be made for the cultivation of all Inam lands belonging to the temple on terms most advantageous to the institution. The Deputy Commissioner's detailed proposals on the subject will be awaited.

A. SREENIVASSACHARLU,
Muzrai Secretary.

To—The Deputy Commissioner, Shimoga District, returning Vernacular papers.

PUBLIC WORKS.

Proceedings of the Government of Mysore

READ —

Government Proceedings No. 330—1932, dated Bangalore, 10th May 1897, and the Rules for the regulation of house-connections from the Chamarajendra Water-works, framed thereunder.

No. 860-7—4737-41, DATED BANGALORE, 22ND AUGUST 1898.

ORDER.—The Government are satisfied that the Rules of 10th May 1897 for the regulation of house-connections from the Chamarajendra Water-works, require modification with the object of affording greater facilities to the public desiring the convenience of house-connections, and of thereby increasing the general popularity and usefulness of the institution of water-supply, while at the same time preventing any undue strain upon the system as already established. The Government, after careful investigation of the subject, resolve to modify the Rules in question in the manner described in the following paragraphs.

2. Para 4 of the Order read above, lays down that "house-connections from the low level system be limited to houses with a monthly rental of not less than Rs. 25." This limit excludes a large number of middle class house owners from enjoying the full benefits of the water-supply. The Government accordingly decide that house-connections may hereafter be granted to all houses with a monthly rental of not less than Rs. 10 (Rupees ten.) To preserve uniformity, the same limit of ten rupees monthly rental will also be adopted for the high level system.

3. Para 7 lays down that all pipes, taps, water-meters and works within the house, shall be provided by the Water-Supply Department, at the cost of the person desiring the house-connection. The meter being intended solely to safeguard the interest of the Water-Supply Department, the Government are pleased to decide that the cost of the meter and its fittings, shall be borne by that Department, and not by the person desiring the house-connection. This concession will be in conformity with the practice obtaining in other parts of India.

4. The authorized free allowance for daily consumption as laid down in para 9 of the Rules, is far too small for reasonable domestic requirements, and the same will be altered as follows:—

"For every one rupee of monthly rental, the owner of the house having house-connection, shall be entitled to a free allowance of 160 gallons per month; but in no case shall such free allowance be less than 3,000 gallons per month."

5. The scale of charges for water used over and above the free allowance, as per paragraph 10 of the Rules, is unnecessarily complicated, and it is altered as follows:—

"A charge of 12 annas shall be levied per every 1,000 gallons or fraction thereof, used in excess of the authorized free allowance."

6. It is necessary to bring under special regulation the drawing of water by water carts from any public fountains. It is believed that cartmen draw water from public fountains and sell the same for gardening and other non-domestic purposes. This objectionable practice should be prevented. Water carts will, after 30th September 1898, be allowed to draw water only from particular fountains specially assigned for the purpose, such special assignment being indicated by means of boards set up close to such fountains. After the 30th September 1898, no watercarts will be allowed to be filled from any other street fountains.

7. With the foregoing observations, the Government are pleased to sanction the revised Rules appended hereto.

(By Order)

D. McNEIL CAMPBELL, COLONEL,
Secy. to Govt. of Mysore, P. W. D

To—The Executive Engineer, Hessarghatta Water-supply Division.
The Sanitary Engineer with the Government of Mysore.
The President, City Municipality, Bangalore.
The Secretary to Government, General and Revenue Departments.
The Sanitary Commissioner, to the Government of Mysore.
The Deputy Commissioner, Bangalore District.
The Superintending Engineer, Eastern Circle.
The Superintending Engineer, Western Circle.

Revised Rules for the Regulation of House-Connections from the Chamarajendra Water-works.

1. The supply of water from the Chamarajendra Water-works being intended exclusively for *bona fide* domestic purposes, the water drawn therefrom, whether from public fountains and taps or from private house-connections, shall not be used for any other purpose whatsoever. A supply of water for domestic purposes shall not include a supply of water for horses or for washing carriages, where such horses or carriages are kept for sale or hire, or a supply for any trade, manufacture or business, or for fountains, or for any ornamental or mechanical purpose, or for watering gardens or roads. Water which has been used for washing, bathing or other domestic purposes, may be collected and used for gardening or other non-domestic purposes, but on no account should pure water be drawn from the taps for these purposes; provided that, with the special permission of the Water-supply Department, water may be taken from the fountains and hydrants for watering public roads on special occasions.

2. Until further orders, private connections to houses from the Chamarajendra Water-works will be limited to houses whose annual rental value is not less than Rs. 120 (one hundred and twenty), and to localities where the capacity and pressure of the public water mains permit of such connections being made without detriment to the street service.

3. For every house-connection there shall be provided and maintained in due working order, a water-meter of approved size and description for the accurate gauging of the water consumed, provided that the Water-supply Department may, on the ground of cost, dispense with the erection of water-meters in the case of very small houses not likely to consume more than the free allowance referred to in Rule 7 below.

4. All pipes, taps, water-meters and works required for a house-connection, shall be of such dimensions, character, and material, as the Water-supply Department may approve, and they shall always be under the control of the Water-supply Department and shall in no way be interfered with by any others; and they shall be provided, renewed and repaired, by the Water-supply Department. The cost of all pipes, taps and works, required for a house-connection, shall be borne by the house-holder applying for, or desiring, the connection, who shall pay in advance the estimated cost. The whole should be fully paid for before the house-connection is permitted to be used. The Water-supply Department will supply, fit up and maintain, the meter at its own cost.

5. The Water-supply Department shall determine the size of each house-connection with due regard to the capacity and pressure of the public water mains of the locality.

6. The house-connection in any case is liable to be stopped, or the supply reduced by the Water-supply Department, without any notice or assigning any reason. But when the stoppage is over an extensive tract, or is due to exigencies which are previously foreseen, such previous notice as is possible under the circumstances, will be given by the Water-supply Department. If the Water-supply Department has reason to believe that wasteful or unauthorized use is made of water drawn from any house-connection, it shall be its duty to stop such connection forthwith under this Rule. Some house-holders desire, as a check upon the wasteful use of water by their servants, some automatic arrangement, under which it would not be possible to draw from a house-connection more than a fixed quantity during 24 hours. The Water-supply Department will endeavour to meet any such desire, where possible, the house-holder applying for the arrangement paying for the cost of the same.

7. The quantity of water which a house-holder will be allowed to draw from his house-connection (free of any charge other than the general water-rate to be assessed upon the annual rental value of his house and premises), shall be regulated in accordance with the scale hereunder:—

For every Re. 1 (one rupee) of the rental value of the house and premises, the authorized free allowance will be 160 gallons, but in no case such free allowance shall be less than 3,000 gallons per month.

8. Any house-holder who is found to have used in any quarter, ending with the 31st March, 30th June, 30th September or 31st December, of any year, a quantity of water in excess of the quantity allowed under the last preceding Rule, shall pay for such excess a price calculated at the rate of 12 annas per every 1,000 gallons or fraction thereof, used in excess of the authorized allowance.

9. Rules 7 and 8 shall not be regarded as permitting the use of water drawn from a house-connection for other than domestic purposes.

10. All payments due under these Rules shall be recovered by the President of the City Municipality, upon requisition of the Water-supply Department, under rules for recovery of Municipal Revenue. All payments due, or recovered, under the Rules of 10th May 1897, shall be revised in accordance with these Rules, and the account of each house-connection made under the Rules of 10th May 1897, shall be finally adjusted in accordance with such revision.

11. The Government reserves to itself the power, whenever it deems fit, to alter or modify the foregoing Rules, or to abolish altogether the system of house-connections to be established thereunder.

12. Every house-connection shall be regarded as established, subject to the conditions and regulations contained in the Rules as above, or as they may be altered or modified for the time being by order of the Government.

13. The foregoing Rules shall apply *mutatis mutandis* to all public institutions, such as schools, temples, mosques, churches, public offices, the supply allowed in each case free of charge being determined by the Water-supply Department, and any excess used over and above such supply, being measured by water-meters and paid for by the institutions concerned, at the rates prescribed in Rule 8 above.

14. Rules 1, 4, 5, 6, 10, 11, 12 and 13 above, shall apply, *mutatis mutandis* to public street fountains, which have been or may be allowed to be erected at the expense of private individuals for dedication to public use, and such fountains shall further be subject to the following conditions, namely:—

I. That their number shall be strictly restricted by the *bona fide* public requirements of particular localities.

- II. That they shall, in no case, be within the distance prescribed for the time being by the Water-supply Department for particular localities, from any other public fountain.
- III. That their free and unobstructed use at all hours by the public, or section of the public, for whose use they are intended, be duly safeguarded. And,
- IV. That their dedication to the use of the public, or of a section of the public as the case may be, be posted up in legible characters in English and Kanarese.

15. After the 30th September 1898, no watercart will be allowed to take water from a public fountain, except at such places as may be specially set apart by the Water-supply Department for the above purpose. The Water-supply Department shall cause Notice Boards to be put up at particular fountains indicating that watercarts are allowed to take water therefrom, and after 30th September 1898, no watercart will be allowed to take water from any fountain at which no such Notice Board has been put up.

16. The expression "Water-supply Department", as used in these Rules shall, until further orders, mean the Chief Engineer and Secretary to the Government of Mysore in the Public Works Department, and any officer deriving his authority from him.

17. The foregoing Rules shall be published in the official *Gazette* and in such other ways as the Water-supply Department may consider necessary. Every person or institution applying for a connection from the public main, shall be deemed to have subscribed to the regulations and conditions herein contained.

READ—

The following Note by the Chief Engineer, dated 14th June 1898, submitting for sanction of Government the Preliminary Issue of the Sanitary Work Budget for the year 1898-99.

I beg to submit for the sanction of Government, the accompanying Sanitary Works Budget for 1898-99, providing for an expenditure of Rs. 2,75,000 against the final grant of Rs. 1,60,000 for 1897-98. The Budget is based on the following grants:—

	1898-99.	1897-98.
	Rs.	Rs.
Part I.—Grant-in-aid from Provincial Fund Rs. 50,000		
Government loans to Municipalities to be recovered eventually Rs. 50,000	1,00,000	66,000
Part III.—Special Works	1,15,000	49,500
Establishment	57,000	41,750
Tools and Plant	3,000	2,750
	<u>2,75,000</u>	<u>1,60,000</u>

2. *Part I.*—The grant under this head, has been fixed at Rs. 1,00,000, of which Rs. 25,000 have been allotted for the marginally noted three incomplete works of the previous year, and the balance Rs. 75,000 for 13 new works brought forward by the Sanitary Engineer. Of the latter, the project for Gundlupet town water-supply is now before Government, while that for Birur town has been referred to the General Department for enquiry as to whether the Municipal Board is prepared to contribute the usual moiety. The projects for water-supply to the towns of Tumkur and Hassan, which have been returned by Government for revision, will be re-submitted shortly for sanction. The projects for the other works have been promised by the Sanitary Engineer at an early date.

3. *Part II.*—This part of the Budget, intended for works to be carried out by Municipalities, has been omitted for reasons previously explained *vide* para 3 of note, printed in Government Proceedings No. 823-46—4553-76, dated 30th August 1895.

4. *Part III.*—The grant of Rs. 1,15,000 proposed for this part of the Budget, is required for the sanitary, drainage, and sewage improvements of the cities of Bangalore and Mysore. All the works in the Bangalore City will be car-

ried out by the "Special Improvements Division" recently formed under sanction accorded by Government in their Proceedings No. 14683-7—Mis. 3098, dated 10th May 1898, with Mr. D. Ranga Rao, Executive Engineer, in charge. Works Nos. 21 and 22 in the Mysore City are being carried out by the General Branch, and No. 23 by the Sanitary Department. Projects for item Nos. 24 and 25 are now pending orders before Government, while that for item No. 26 is under preparation.

5. *Establishment*.—The charges under this head aggregate Rs. 57,000 against Rs. 41,750 of the previous year. The increase is due (1) to provision having been made for the "Bangalore Special Improvements Division" referred to above, which has been given for the present the establishment fixed for a Range only, and (2) to no debit having been made to General Budget, as in the previous year, on account of Mysore Water-supply Works, they having been completed during that year.

The establishment charges are 20·7 per cent on the total grant of Rs. 2,75,000, or 26·5 per cent on grant for works alone.

6. *Tools and Plant*.—A sum of Rs. 3,000 has been provided under this head for tools, &c., which may be required during the year.

No. 804-19—4426-41, DATED BANGALORE, 8TH AUGUST 1898.

ORDER THEREON—The Preliminary Issue of the Sanitary Works Budget for 1898-99, providing for an expenditure of Rs. 2,75,000, is sanctioned by Government in Council.

By order,

D. McN. CAMPBELL, COLONEL,

Secretary to Govt. of Mysore, P. W. D.

To—The Superintending Engineers of Circles.

The Sanitary Engineer with Government.

The Executive Engineer, Bangalore Special Improvements Division.

The Examiner, Public Works Accounts.

The Comptroller to Government.

The Secretary to Government, General and Revenue Departments.

All Deputy Commissioners of Districts.

The Sanitary Commissioner with Government.

PART II GENERAL

3	922 R.F. 84-94	3	Supt., Rev. Survey	Forwarding for opinion, a copy of this office note on the subject of imposing additional assessment on lands benefited by the increased supply of water provided by Government.
4	925 R. F. 145-96	3	Dy. Comr., Kolar ...	Recording Kolar Deputy Commissioner's letter No. 315—87, dated 20th July 1898, submitting a statement showing the particulars of demand, collection and balance of acreage contribution due by raiyats for major irrigation works for the month of June 1898.
5	926 R.F. 112-97	3	Comptroller ...	Forwarding, for note and return, Tumkur Deputy Commissioner's letter No. 70, dated 23rd July 1898, reporting that Mr. A. Subramanya Iyer, 2nd General Assistant Commissioner, availed himself of the one month's privilege leave granted to him in Notification No. 12325—R. F. 112-97, dated 28th June 1898, from the afternoon of 21st July 1898.
6	938 R. 368	4	Dy. Comr., Kolar...	Stating that the Kanarese Memorandum referred to in the Bangalore Deputy Superintendent's letter No. 131, dated 9th March 1837, to the address of the Officiating Secretary to the Commissioner of Mysore, relating to the grant of certain inam lands to Honnura Reddy of Chikballapur, is not traceable in this office.
7	939 R.F. 108-97	4	Do, Chitaldrug ...	Recording, with certain observations, his letter No. 55—50, dated 12th July 1898, submitting the report of the Probationary Assistant Commissioner in charge of Irrigation Wells, regarding the incomplete wells in the Challakere taluk.

REVENUE

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
8	940 R. 370	4	Comptroller ...	Forwarding the Service Register of C. V. Krishnaswami Rao, Amildar of the Chik-nayakanhalli taluk, with a request that the same may be returned when no longer required.
9	941 R. 371	4	Dy. Comr., Kolar...	Recording his docket submitting the explanation of the Amildar of the Bowringpet taluk for the delay in the submission of the Season Report for the week ending 11th June 1898, and stating that strict orders have been issued to all the Amildars of his district to pay particular attention to the correct preparation and punctual submission of future reports.
10	942 R. 372	4	Do ..	Forwarding for explanations, a memo of notes and queries suggested by the return of harvests for 1897-98, and stating that the submission of the supplemental return for the Mulbagal and Sidlaghatta taluks should be expedited.
11	943 R. 373	4	Supt., Govt. Printing	Requesting him to cause 2,000 reference slips to be printed and sent to the Revenue Department of this office.
12	944 R. 374	4	Dy. Comr., Hassan	Requesting him to cause certain omissions to be supplied in the particulars of Asli and Dakla villages submitted with his docket No. 50, dated 22nd July 1898.
13	945 R. 375	4	Do, Kadar ..	Recording his letter No. 37, dated 21st July 1898, reporting, with reference to Government Proceedings No. 7112-3—R. 2507, dated 31st January 1894, sanctioning the grant of 2 acres and 19 guntas of land out of S. No. 51 (gomal) of the Balur village, Mudgere taluk, that as the applicant, Mr. Scot has since withdrawn his application for the land in question, the orders of Government referred to above have not been given effect to.
14	946 R. 376	4	Consrv. of Forests	Requesting, with certain observations, the submission of a fresh application in the form prescribed in Government Notification No. 5172—R. 755, dated 14th September 1894, for the acquisition by purchase of certain lands by Mr. Venkatanaranappa, Assistant Conservator of Forests, Tumkur district, in the Yenneholekoppal, Seringapatam taluk.
15	947 R. 377	4	Supt., Rev. Survey	With reference to his letter No. 37, dated 13th July 1898, recommending that the present practice of announcing the rates in inam villages without the sanction of Government be affirmed, inviting the attention of the Superintendent of Revenue Survey to Section 112 of the Land Revenue Regulation,

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
16	948 R. 378	4	Dy. Comr., Shimoga	under which the previous sanction of Government seems indispensable in such cases.
17	949 R. F. 148-96	4	Supt., Rev. Survey	Declining to sanction the grant of any extra allowance to the nala manegar of Sulekere.
18	950 R. F. 148-96	4	Dy. Comr., Hassan	Forwarding copy of Hassan Deputy Commissioner's docket No. 60, dated 22nd July 1898, with a request that the Superintendent of Revenue Survey will cause the akarbands relating to the Alur sub-taluk to be returned to the Deputy Commissioner, Hassan district, at an early date.
19	951 R. 381	4	Compl., <i>Mysore Gaz.</i>	Forwarding a copy of the above.
20	952 R. 382	4	Comptroller ...	Notifying the transfer temporarily of Mr. B. J. Kumarasami Naik, Assistant Commissioner, to the Bangalore district, to be located at Closepet.
21	953 R. 383	4	Dy. Comr., Bangalore.	
22	954 R. 384	4	Do, Mysore	
23	955 R. 385	4	Inspr. Gen. of Police	
24	957 R. 387	4	Dy. Comr., Kolar ..	
25	976 R. 388	4	Supt., Govt. Printing	Sanctioning the writing off the accounts of Rs. 27-12-7, being the amount of irrecoverable balance in the Kolar taluk for the year 1896-97.
26	978 9 R. 389	5	Dy. Comr., Hassan, and Supt., Rev. Survey.	Stating that the Revenue Manual referred to in this office No. 254-111, dated 11th July 1898, is the same as the compilation of the Standing Orders of Government, which was sent to the Government Press with this office No. 1737-R. 663, dated 15th August 1896, and which is referred to in the Superintendent's docket No. 31, dated 9th July 1898, and forwarding a copy of the Registration Act to be re-printed.
27	980-81 R. F. 54-96	5	Do, & Consvr. of Forests.	Sanctioning the appropriation, for coffee drying ground, &c., of 1 acre of land out of S. No. 160 (gomal) in the Heggade village, Manjarabad taluk.
28	982-3 R. 391	5	Do, Kadur, & Supt., Rev. Survey.	Declining to sanction the appropriation, for coffee cultivation, of S. No. 315 (gomal) in the Hebhasale village, Manjarabad taluk.
				Sanctioning the appropriation of certain lands in the Chikmagalur taluk for opening out at Mr. Kent's cost of a feeder road so as to connect it with the Aldur-Balehonnur road.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
29	984-6 R. 392	5	Dy. Comr., Bangalore, Comptr. & Supt. of Inams.	Sanctioning a refund bill in favor of the makkandars of the Maniksha makkan in the Bangalore City, for Rs. 719-14-0, being the balance of the amount received from the British Government for payment of compensation for lands taken up for the Hebbal Rifle Range, claimed by the makkandars for improving the lands granted to them in lieu of the makkan inam lands taken up for the Range, and requesting the Superintendent of Inams to register the lands in question as devadaya service inam in favor of the makkan and to issue a fresh title-deed therefor.
30	987 R. 393	5	First Asst. to Resdt.	Stating that reports as to the quantities of certain grains, &c., obtainable, are still due from the Deputy Commissioners of the Mysore and Kadur districts, and that on receipt of the reports a consolidated statement will be prepared and transmitted.
31	990 R. F. 80-95	6	Govt. Advocate ..	Informing him that a reminder has been sent to the President, Bangalore City Municipality to furnish the information required by the Government Advocate as regards the buildings and sites belonging to Hund's Soap Manufactory at Bangalore.
32	991-93 R. 396	6	Dy. Comr., Kolar, Supt. Rev. Survey, & Conservr. of Forests.	Sanctioning, subject to certain conditions, the grant for coffee cultivation to Mr. Kent, of S No. 69 of the Kalganne Uduve Sandal Reserve in the Chikmagalur taluk, at an upset price of Rs. 60 per acre.
33	994 R. F. 109-96	6	Dy. Comr., Kolar...	Enquiring why the information as regards the casual leave availed of by T. Chokkanna, Amildar of the Bowringpet taluk, which was already reported by the Deputy Commissioner in his docket of the 5th ultimo, is again reiterated in his docket of the 1st ultimo.
34	995 R. F. 109-96	6	Compl. <i>Mysore Gaz</i>	Notifying the grant of two days' casual leave to T. Chokkanna, Amildar of the Bowringpet taluk.
35	996 R. F. 109-96	6	Comptroller ...	Forwarding copy of the above.
36	997 R. F. 109-96	6	Dy. Comr., Kolar...	
37	998 R. 401	6	Do, Bangalore ..	Calling for explanation of certain discrepancies in the demand, collection and balance statement of loans granted under the Land Improvement Loans Regulation for the quarter ending 30th June 1897.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
38	999 R. F. 95-97	6	Dy. Comr., Bangalore.	Recording, with certain remarks, his letter submitting the diary of the Probationary Assistant Commissioner in charge of Irrigation Wells for the fortnight ending 15th July 1898.
39	1000 R. 403	6	Do, Chitaldrug ...	Requesting the submission of a sketch showing the positions of the Taluk office, travellers' bungalow and the Public Works Overseer's lodge at Hiriyur.
40	1004 R. 406	6	Do, Shimoga ..	Declining to interfere with the order of the Sub-Division Officer of Sagar, imposing a fine of Rs. 16 on Hussen Sab, a raiyat of Duna village, Nagar taluk, for cutting wood in excess of the quantity allowed in the license granted, and stating that the conduct of the shekdar and the patel who sent inaccurate reports in the first instance should be noticed.
41	1007-8 R. 408	6	Do, Tumkur, and Supt., Rev. Survey.	Sanctioning the grant for cultivation, to one Kallaiya of Sirivara village, Tumkur taluk, of a piece of kharab land, measuring 24 guntas, which was formerly the village site of Holepalya.
42	1013 R. 412	5	Dir. of Meteorology	Requesting the early submission of the Rainfall Registration Report for the year 1897, and stating that if it is likely to be delayed, Table I may be submitted in advance to meet the present needs, and enquiring what measure Mr. Cook would suggest as regards the submission of the report for a year by the end of March of the ensuing year.
43	1014 R. 413	6	Dy. Comr., Tumkur	Stating that during the temporary vacancy of Mr. Subramanya Iyer, Assistant Commissioner, on leave and of Mr. Aravamudu Iyengar, Probationary Assistant Commissioner, deputed to the Head-quarter office, Bangalore, the Deputy Commissioner should try to get on as well as he can with the remaining officers, the Government being unable to find an officer to be sent to Tumkur as requested.
44	1015-6 R. F. 150-92	6	Do, Mysore, and Comptr.	Sanctioning the entertainment of two sowdies on Rs. 4-8-0 each per mensem to look after the irrigation channels of the Koppa tank in the Mandya taluk.
45	1017 R. F. 25-97	6	Comptroller ...	Forwarding, for note and return, Shimoga Deputy Commissioner's letter No. 76-66, dated 25th July 1898, reporting that he rejoined and assumed charge of the District from Mr. N. Narasimmaiengar on the forenoon of the 25th July 1898.
	1018 R. F. 25-97	6	Compl., Mysore Gaz.	Notifying the extension by one day of the ten days' casual leave granted to Mr. H. V. Nanjundaiya, Deputy Commissioner, Shimoga

	No.	Date.	To whom sent.	
				Chamarajendra Reservoir, &c., and request to report whether they have been given effect to.
9	792—4362	4	Sanitary Engineer	Forwarding for immediate report, the Dewa Memo of the 3rd instant on the Arlapet drainage work; and enquiring how the project now stands, and when it may be expected.
10	793—4363	4	Exec. Engr, Spl. Impts. Dn., Bangalore City.	Communicating the above.
11	794—4364	4	Sanitary Engineer	Forwarding for immediate attention, extracts from the Dewan's Orders, and requesting submit definite proposals regarding stop loss for intercepting the drainage of Kakol and Byata, with the levels, areas, &c., there called for.
12	795—4365	4	Exec. Engr., H. W. S. Dn.	Forwarding copy of Orders passed by Government on the Joint Preliminary Report by the Officiating Chief Engineer and the Sanitary Commissioner with Government, on the conservancy of the catchment of the Hessghatta tank; and enquiring whether the drainages have been cut off from the masonry conduit from the tank to the Pumping Station.
13	796—4366	4	Dy. Comr., Bangalore.	Forwarding copy of the Dewan's Orders on the Report mentioned in the preceding, for information and attention.
14	797—4367	4	Sanitary Commissioner.	Forwarding extracts from the Dewan's Order referred to in the above, and requesting expedite the submission of the conservancy rules, &c., therein called for.
15	798—4371	5	Exec. Engr., H. W. S. Dn.	Forwarding extracts from the Dewan's Order on the conservancy of the 150 feet margin the Chamarajendra Reservoir, with a request that the brief memo, estimate, &c., there called for, may be early submitted.
16	799—4372	5	General Secretary	Transferring for disposal, P. W. Examine No. 4048 of the 3rd instant, forwarding statement of incidents in the services of Imperial P. W. Officers lent to the State, 1 July 1898.
17	801—4387	8	First Asst. to Resdt.	Requesting to obtain the approval of the Resident to pass a quantity of water down from Sankey's Reservoir to the Dharmambud tank, as the supply in latter is reported have fallen much below ordinary level.
18	802—4406	8	Compl., Mysore Gas.	Notifying the promotion of Mr. C. Krishnalingar from Sub-Assistant Engineer, 3rd Class, on Rs. 80, to Sub-Assistant Engineer, 2nd Class, on Rs. 100, permanent.
19	804-19 4456-41	8	Suptg. Engrs. of E. & W. Circles, Sany. Engr., and other Heads of Depts.	Conveying the sanction of Government in Council to the Preliminary Issue of the Sanitary Works Budget, providing for an expenditure of Rs. 2,75,000.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
20	820-4445	8	First Asst. to Resdt.	With reference to the First Asst. to the Resdt.'s letter enquiring why the ordinary rule was departed from in the case of the privilege leave granted to Mr. Whiteley, for whom certificate of title to that leave was not obtained from the Examiner, P. W. A., Madras, reporting the practice that has hitherto obtained in this matter, and stating that it is evidently based on the circumstance that privilege leave allowances of the Imperial Officers sent to the Mysore State are paid by the Durbar, by whom such leave is granted, and that certificate of title given by the Mysore Examiner was therefore considered sufficient.
21	821-4459	9	Compl., Mysore Gaz.	Notifying the grant of privilege leave for one month to Mr. C. R. Srinivasalingar, Sub-Assistant Engineer, attached to the Mysore division, from date of departure.
22	822-4460	9	Suptg. Engr., W. C.	Intimating the above.
23	823-4468	9	First Asst. to Resdt.	Forwarding lists of references of the Public Works and Railway sections addressed to the Residency, but remaining unanswered on the 31st July 1898.
24	824-4478	10	Suptg. Engr., E. C.	Returning the estimate for constructing Head-quarter office of the Mine Inspection Branch of the Mysore Geological Department at Kolar Gold Fields, duly sanctioned by Government for Rs. 17,486.
25	825-4479	10	Secy. to Govt., Geological Dept.	Communicating the above sanction.
26	826-4480	10	Suptg. Engr., E. C.	Returning the supplemental estimate for sundry repairs to the Palace buildings at Bangalore, duly sanctioned for Rs 626.
27	827-4481	10	Do	Returning the re-revised estimate for restoring the Kyathagankere tank in the Pavagada taluk, duly sanctioned for Rs. 52,524, excess over the original estimate being Rs. 13,494.
28	828-4483	10	Examer., P. W. A....	Conveying approval to the modified form of completion Report and certificate Nos. 45A to 45D in the Public Works Code Form Book, being adopted.
29	829-30 4484-5	10	Suptg., Engrs. of Circles.	Communicating the above.
30	831-4497	11	First Asst. to Resdt.	In reply to his reference, stating that Mr. J. J. Whiteley availed himself of his privilege leave from the 1st July 1898, as already intimated.
31	832-4500	11	Suptg. Engr., W. C.	Returning duly approved, the estimate for constructing V shaped and box drains for the Reserve Police lines at Mysore, and sanctioning the net excess of Rs. 1,311 involved thereby, being passed in account over the sanctioned estimate for the lines.
32	833-4530	12	Examer., P. W. A...	Returning with orders, statement of objectionable items in Accounts under "Provincial Fund," unremedied to the end of May 1898.

PUBLIC WORKS

Serial No.	Proceedings.			Subject and Order.

10	40 G.	5	Comptroller ...	Forwarding a copy of the above with the intimation that Mr. Lavelle will be granted an allowance of Rs. 100 per mensem during the period he acts as Inspector of Mines with effect from the date of the departure of Mr. W. F. Smeech, M. A., B. L., A. R. S. M., F. G. S., 2nd State Geologist and Inspector of Mines, from Bangalore.
11	41 G.	5	Mr. George Lavelle, Prospector.	

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
12	57 M.	5	J. Campbell, Esq., Uplands, Bangalore.	Returning, as requested, the cheque for Rs. 1,000 deposited by Mr. G. L. Chambers, Uplands Bangalore, with his application of the 10th of March 1898, for a mining lease in the Kolar district.
13	58 M.	5	Comptroller ...	Forwarding a Cheque No. E 22908, dated the 30th of July 1898, on the Commercial Bank of India, Limited, for Rs. 20 to be credited under the head "Assay Fees" and requesting an acknowledgment thereof.
14	59 M.	6	Supt, Govt. Printing	Requesting that the printing of the report of the Chief Inspector of Mines in Mysore for 1897 forwarded with this office No. 25 M., dated the 16th of July 1898, may be expedited.
15	43 G.	8	Comptroller ...	Forwarding a copy of letter, registered No. 21 dated 22nd July 1898 from Mr. E. W. Wetherell, 3rd State Geologist in Geology and Lecturer in Geology at the Bangalore Central College, agreeing to forego all claims to gratuity, invalid pension and allowances on sick leave because of his disqualification by the Senior Surgeon for service in this department and requesting that his entertainment may, on this term, be sanctioned.
16	56 M. A	4	A. L. Messurien, Esq., Mount Avenue, Ealing, London.	Returning, duly signed by the Dewan of Mysore the transfer certificate for 4,500 shares of £. each, forwarded with his letter dated the 24th of June 1898, on account of the fine for assignment by Mr. F. W. Smith to the Gold Fields of India of the mining lease of Krishnarajapur, Kolar district.
17	41 G.	9	Secy., State Life Insurance Committee.	Forwarding an attested copy of the horoscope of Mr. B. Jayaram, Assistant Geologist, in connection with his proposal for insurance.
18	63 M.	12	Dy. Comr., Shimoga	Acknowledging receipt of his letter No. 106-87, dated 4th August 1898, forwarding a statement of revenue arrears due from Messrs. Wilson & Co., Madras, on lands leased to them in Honnali taluk and requesting that as Messrs. Wilson & Co. have now practically resigned all but blocks Nos. 1 (part) & 15 no steps be taken for the recovery of arrears from them, pending receipt of the Amildar's report about payments made by Messrs. Wilson & Co. and the issue of final orders on the subject.
19	64 M.	12	S.R. Turnbull, Esq., c/o. Messrs. Wilson & Co., Madras.	Forwarding a copy of the above and stating that his application for the remainder of block 1 block 9 and block 16 has been noted.
20	65 M.	15	A. Mervyn Smith, Esq., Osborne Road, Bangalore.	Informing him that the representations made in his letter of the 13th of August 1898, regarding his application for the Bukkambudhi block will be duly considered.
21	67 M.	15	Comptroller ...	Returning after note in this office the statement of accounts of Gold sales of certain Gold Mining Companies.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
22	46 G.	17	Senior Surgeon ...	Requesting that Mr. H. K. Slater, Assistant Geologist, may be examined for a fresh Insurance Certificate at an earlier date than the three months prescribed by the Insurance Committee.
23	47 G.	17	Secy. to Govt., Gen. & Rev. Dqts.	Requesting to be informed what rates of travelling allowances are admissible under the existing rules to Mr. W. F. Smeeth, M.A., B.E., A. R. S. M., F. G. S., Second State Geologist, Inspector of Mines and Assistant Secretary to Government, Geological Department, and to Mr. E. W. Wetherell, A. R. C. S., F. G. S., Third State Geologist and Lecturer in Geology at the Bangalore Central College.
24	48 G.	17	Chief Commandant, Mysore State Troops.	Requesting issue of clothing from the Military Stores to 7 peons and a lascar recently entertained in this Department.
25	49 G.	17	Comptroller ...	Directing that the batta and mileage rates of Messrs. B. Subba Row, B.A., Assistant Prospector, and Kincaid Lee, Registrar, Geological Department, be raised to Rs. 4 per diem and annas 8 per mile with effect from the 1st of February 1898.
26	68 M.	17	Major Gen. R. A. Cole, Ammandale, Bangalore.	Returning to him for reason stated Cheque No. A080555 dated 29th March 1898 on the Bank of Madras, Bangalore, for Rs. 500 forwarded with his application dated the 29th of March 1898 for a prospecting license over certain areas in the Kolar and Mulbagal taluks.
27	69—70 M.	17	Do & Comptroller.	Directing the refund to Major General R. A. Cole, on application, of the fee of Rs. 500 paid by him with his application, for a prospecting license at Honnewardi in the Jagalur taluk, Chitaldrug District, the area applied for having been reserved by the Government, and stating that the sum in question was transmitted to the Comptroller by a Demand Draft No. 30—336 dated, London, the 26th of August 1892 on the National Bank of India, Madras, with Chief Secretary's docket, Camp No. 70—M. 13-92 dated the 16th of October 1893.
28	71 M.	17	Major Gen. R. A. Cole, Ammandale, Bangalore & Mr. J. Evers, LL.B., Advocate.	Acknowledging receipt of their letter dated the 16th of August 1898 and informing them that their application for a prospecting license in the Kamasamudram village in the Bowringpet taluk has been noted.
29	72 M.	17	Messrs. Shaw Wallace & Co., Calcutta.	Acknowledging receipt of their application of the 11th instant for a Mining lease over a block of land north of the Kadur-Mysore lands and the Demand Draft on the Bangalore Branch of the Bank of Madras No. 90—76 dated the 11th of August 1898 for Rs. 1,000.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
30	50-51 G.	18	Comptr. & Dr. John W. Evans, D.Sc., LL.B., F.G.S., State Geologist, Chief Insptr. of Mines & Secy. to Govt., Geol. Dept.	Granting Dr. John W. Evans, D. Sc., LL.B., F.G.S., State Geologist, Chief Inspector of Mines and Secretary to Government, Geological Department, under Rule 5 (i) of the special rules regarding furlough which have been sanctioned to Mr. W. F. Smeeth, M.A., B.E., A.R.S.M., F.G.S., Second State Geologist, Inspector of Mines and Assistant Secretary to Government, Geological Department, furlough on Medical certificate for one year with effect from the 27th of August 1898, together with subsidiary leave for two days prior thereto and also for ten days after the expiration of such furlough under Rule 14 of the same rules and directing that the allowances payable to him during the period of the furlough and subsidiary leave be also regulated by the same rules.
31	52 G.	18	Compiler, <i>Mysore Gazette</i> .	Notifying the grant of furlough on Medical certificate for one year to Dr. John W. Evans, D. Sc., LL.B., F.G.S., State Geologist, Chief Inspector of Mines and Secretary to Government, Geological Department, with effect from the 27th of August 1898.
32	53-54 G.	18	Comptr. & Dr. John W. Evans, D.Sc., LL.B., F.G.S., State Geologist, Chief Insptr. of Mines & Secy. to Govt., Geol. Dept.	Forwarding a copy of the above Notification with the intimation that Dr. John W. Evans is also granted subsidiary leave for two days prior to the furlough and also for ten days after the expiration thereof, with reference to Government Order No. 50-51 G.—1898-99, dated the 18th of August 1898.
33	55 G.	19	Compiler, <i>Mysore Gazette</i> .	Notifying the appointment of Mr. E. W. Wetherell, A.R.C.S., F.G.S., Third State Geologist, as Officiating, Second State Geologist and Ex-officio Assistant Secretary to Government, Geological Department, during the absence of Mr. W. F. Smeeth, M.A., B.E., A.R.S.M., F.G.S., on special leave or until further orders and that of Mr. V. S. Sambasiva Iyer, B. Sc., L.C.E., Assistant Geologist, 3rd Class, as Officiating Third State Geologist during the absence of Mr. E. W. Wetherell on other duty or until further orders.
34	56-58 G.	19	Comptr. & Messrs. E. W. Wetherell, A.R.C.S., F.G.S., & V. S. Sambasiva Iyer, B.Sc., L.C.E.	Forwarding a copy of the above Notification with the intimation that these appointments will take effect from the date of Dr. Evans' departure from Bangalore on furlough and subsidiary leave granted to him in Government Order No. 50-51 G.—1898-99, dated the 18th of August 1898.
35	60 G.	22	Secy. to Govt., Gen. & Rev. Dpts.	Informing him that the specification of an invention for "Improvements in or relating to the separation of liquid from bodies containing or mingled with the same" filed by

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
36	61 G.	22	Secy. to Govt., Gen. & Rev. Depts.	Messrs. Koneman and Hartley, who have applied for a patent thereof, appears to have been properly prepared and that it is desirable to consult Mr. W. F. Smeech, M.A., B.E., A.R.S.M., F.G.S., Second State Geologist, Inspector of Mines and Assistant Secretary to Government, Geological Department, who is a specialist in the subject. Also stating that some claims appear doubtful in law but that as their validity is not guaranteed, the patent can, if so desired, issue at once. Informing him that the alterations suggested by Mr. W. F. Smeech, M.A., B.E., A.R.S.M., F.G.S., Second State Geologist, Inspector of Mines and Assistant Secretary to Government, Geological Department, have been adopted in the specification of an invention for "Improvements in or relating to ores" and that the patent applied for by Messrs. Koneman and Hartley may now issue. Also returning the file of specifications received with his No. 2217—10-95, dated the of August 1898, and requesting to be informed whether any patents have been granted by the Government for any inventions relating to gold mining operations and, if so, to be furnished with particulars of the same.
37	62 G.	21	Comptroller	Stating that on the recommendation of the State Geologist, Mr. B. Subba Row, B. A., Assistant Prospector, was directed to work in Coorg under Mr. T. H. Holland, F. G. S., Superintendent of the Geological Survey of India, from the 25th of November 1897 to the 10th of April 1898 and sanctioning to him during the period of such employment the travelling allowances of an Assistant Geologist of the 3rd Class with the increased rate of travelling allowances allowed by the British Civil Service Regulations for journeys in Coorg, and also a special allowance of Rs. 50 per mensem up to the 31st of January 1898.
38	73 M.	24	First Asst. to Resdt.	Explaining certain discrepancies in the report of the Chief Inspector of Mines for the year 1897 and the accompanying statements and forwarding a revised copy of the report and statements.
39	74 M.	24	Do	Returning, as requested, the cutting from the "Review of Mineral Productions in India" received with his letter No. 2084, dated the 21st of April 1898.
40	75 M.	24	Maj. Genl. R. A. Cole. Amundale, Bangalore.	Informing him that there is no objection to his taking, on certain conditions, a hundred-weight of mica from Government lands and forwarding it to London for purposes of examination and valuation.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
41	63 G.	25	Chief Commandant, Mysore State Troops.	Forwarding an indent, in duplicate, for supply of clothing to certain peons and a lascar of this Department.
42	64 G.	26	Plague Comr. in Mysore.	Informing him that clerk C. S. Ramakrishnaiya and carpenter Bairappa of this Department have, as requested, been directed to report themselves for Plague supervision work to their respective Circle Superintendents.
43	65 G.	26	Compl., Mysore Gas.	Notifying Mr. A. T. Setlur's return to duty on the 20th of August 1898 and cancelling the unexpired portion of the privilege leave granted to him in Notification No. 397 G. - 1897-98, dated the 13th of June 1898.
44	66 G.	26	Comptroller ..	} Forwarding a copy of the above.
45	67 G.	26	Mr. A. T. Setlur, L. C. E., Asst. Geologist.	
46	69 G.	31	Supt. of Stationery.	Requesting to be furnished with a statement (in the usual form) of the quantity of stationery supplied to this Department for the year 1898-99, for a supplemental indent being forwarded with a statement of reasons on the extra quantity asked for.
47	69 G.	31	Supt., Govt. Printing	Forwarding the issues of the <i>Mysore Gazette</i> from August 1897 to June 1898 with a request that they may be bound into half-yearly volumes.
48	70 G.	31	Director, Geol. Survey of India, Calcutta.	Acknowledging with thanks the receipt of a copy of the report of the Geological Survey of India for 1897-98.
49	78 M.	31	Arthur Dlewellyn, Esq., Oorigum.	Acknowledging the receipt of his application dated the 29th of August 1898, for a mining lease over certain areas in the Doddur and Doddur Karpanahalli villages in the Bowring pet taluk and the crossed cheque on the Agri Bank, Madras, for Rs. 1,000, being the deposit in respect of the lease.

Bangalore, 31st August 1898.
